Nelly Don At OPA Hearing

**Declares OPA Ruling
Decreases Supply of
Low Cost Dresses;
Women Interested**

WASHINGTON, April 25—(P)—CIO Secretary Jas. B. Carey said today that "certain greedy interests" are out to sabotage price controls. He got into an immediate argument with Senator Millikin (R-Colo.) on whether party politics is involved.

The exchange took place at the hearings of the senate banking committee on legislation to extend price controls a year beyond June 30.

Carey said two Republican members of the house had referred publicly to the OPA act as an economic narcotic. He cited this in saying there is in this country "an economic monarchy which makes its own laws."

Milliken protested that a lot of Democrats in the house had the same feeling as the two Republicans Carey mentioned. The senator argued that OPA is not a partisan issue.

Carey said he regretted that "too many Republicans and too many Democrats of the same ilk went out to do a job on OPA."

Carey took several shots at the National Association of Manufacturers, which opposes OPA and has carried on an active campaign against it.

Hits N. A. M.
"N. A. M. has the worst 10 per cent of the worst 10 per cent of the employers of the country," he said.

He agreed with Senator Mitchell (D-Wash.) that "it is unfortunate that the American people do not have the resources of the N. A. M. to present its case on price controls."

"I haven't seen any lack of propaganda for OPA," Milliken remarked.

The house has voted to extend OPA nine months but with amendments which OPA sponsors call "crippling."

Senator Taft (R-Ohio) expressed the opinion to reporters today that OPA is losing out on efforts to retain one of its practices—the maximum average price regulation. It was designed to increase the product of lower-cost clothes.

Mrs. James A. Reed, widow of a senator and now head of the Donnelly Garment company in Kansas City, dealt what Taft termed the killing blow to this regulation.

"They tell me she knocked it out in the house and I think she knocked it out here," he said.

Mrs. Reed Before Committee

Mrs. Reed, in a spirited appearance before the committee yesterday—backed with an exhibit of scarce cotton dresses which made women spectators gasp—testified:

"This regulation has been in effect for eleven months supposedly to increase the supply of low priced dresses. Actually it decreases their supply."

"Under the maximum average price regulation I am not permitted to sell as many \$6.95 to \$14.95 dresses as I could produce because I cannot obtain sufficient material for \$2.95 to \$4.95 dresses to average out against the \$6.95 to \$14.95 dresses."

Scores Merchandise

She added that never in thirty years has she seen in the stores "as poor quality, badly made dresses at as high prices as there are today."

Senator Hickenlooper (R-Iowa) told a reporter he thought Mrs. Reed has thoroughly demonstrated "the economic unreasonableness" of the regulation.

Chairman Wagner (D-NY) would not predict the verdict on the regulation when the committee gets down to recommending details of legislation. He added that "I guess she did make a good argument."

Spare Stamp 49 for Sugar

WASHINGTON, April 25—(P)—Spare stamp 49 in family ration books will become valid May 1 for five pounds of sugar.

Announcing this today, OPA said the new coupon will expire August 31. Sugar stamp 39, the last specifically labeled "sugar" stamp, will expire April 30.

OPA said that on the basis of latest surveys it expects the present sugar ration of five pounds every four months can be maintained. In that case, another sugar stamp will be valid September 1.

Daylight Saving Time Starts Sunday--In Some Places

By the Associated Press

To use a Shakespearean phrase, "The time is out of joint"—or will be, come 2 a. m. next Sunday.

For at that "witching hour" time pieces in six states and many points in 18 others will be pushed forward one hour to start post-war daylight saving time.

But 24 other states and the District of Columbia, in a different frame of mind, will remain on standard time.

Daylight saving time was replaced by war time during the war, when clocks throughout the nation were set one hour ahead of standard time. That time system ended last September, after three years and eight months.

The states which will have daylight saving time on a statewide basis are: New Jersey, Massachusetts, New Hampshire, Rhode

Island, Vermont and Connecticut.

States Decide Themselves

States which will allow communities to make their own decision on the subject include Missouri and Illinois.

Kansas, Oklahoma and Arkansas are among states that will not observe the time change.

Daylight saving time—the brain child of a Briton—received its greatest impetus during the first World War by putting people to bed and getting them up an hour earlier to save power, light and fuel.

Radio networks, airlines and railroads, which must figure time on a nationwide basis in planning schedules, have arranged to cope with the differences.

The networks said they would try to record and rebroadcast where a change would affect regular program times.

Testifies Against Goering

**Former German
Secret Police
Declares he
Engineered Deals**

By Noland Norgaard

NUERNBERG, April 25—(P)—A former German secret police official declared flatly today that Herman Goering engineered frame-ups in 1938 which resulted in the dismissal of both the Reich war minister and the army's chief of staff—"The decisive last steps before the outbreak of war."

Hans Bernd Gisevius, one-time Gestapo officer, testified before the international military tribunal that Goering had compelled a common criminal to identify Col. Gen. Werner von Fritsch, the army's chief of staff, as the perpetrator of an atrocious homosexual attack.

The dramatic denunciation of Von Fritsch, whom the German moderates had regarded as the man to overthrow the Nazis was made in Adolf Hitler's presence, the tall, bespectacled witness asserted, nine days after Goering's own agents had established that the actual culprit in the case was one Capt. von Frisch.

Knew of Love Affair

Gisevius, who testified yesterday that he plotted against the Nazis for 10 years while serving in various police jobs, declared that Goering knew in advance that elderly Field Marshal Werner von Blomberg, the war minister, had fallen in love with a 28-year-old carpenter's daughter, but withheld the information until after the fueder had been induced to attend the wedding.

After the wedding, Gisevius said, Goering gave Hitler police files showing that von Blomberg's bride "had been a prostitute registered in seven large German cities. She was in the Berlin rogue's gallery for I myself have seen the pictures and fingerprints and she had been punished for distributing pornographic pictures."

Upon scanning the files, the witness continued, Hitler "suffered a nervous breakdown and decided to dismiss Von Blomberg immediately."

Gisevius said the Berlin police court president, Count Graf Hellendorf, was reluctant to turn over the files on the woman to Heinrich Himmler, because he realized "it would put the armed forces in an impossible position and Himmler could use it to finish off Blomberg."

Files to Kietel

Hellendorf first took the files to Field Marshal Wilhelm Keitel, who succeeded Von Blomberg and who was remotely related to him, and Keitel insisted that he "cover up the entire scandal," Gisevius declared. Then, he went on, Keitel asked that the files be sent to Goering.

Goering heard the testimony (Please Turn To Page 4 Col. 2)

Crime Begins in Romper Class In Los Angeles

LOS ANGELES, April 25—(P)—Juvenile crime has reached into the romper class.

Cynthia Bennett, 22 months old, started for the corner grocery yesterday, clutching two shiny pennies and dreaming of the candy counter, but en route, police were told, she was set upon by two boys, aged about 3 and 4, beaten to the sidewalk and robbed.

Hospital attendants said she suffered a brain concussion.

Kentucky Girl Double for Miss Truman

**Asked for Autograph
By Fellow Street
Car Passenger**

WASHINGTON, April 25—(P)—Looking like Margaret Truman isn't all autographs and snappy taxi service.

Mary Gene Miller, who's a smallish Kentucky blond, says sure "nuff it isn't quite safe. People, explains Miss Miller helplessly, get "so-o mad" when she's not.

Since she hit Washington from Mumfordsville, Ky., four months ago, Mary Gene has had her arm plucked at by many a sharp eyed sightseer.

"Miss Truman?" says the sight seer eagerly. "Miss Miller," says Miss Miller politely. That's just the beginning.

Mary Gene tries to break it gently, but it's tough to tell a happy autograph hunter he's caught a Capitol Hill secretary instead of the President's daughter.

Asked for Autograph

Margaret's double finds the Republican party a help. She works for Senator Stanfill (R-Ky.) and it shakes the faith of many a sightseer to be told his "Margaret Truman" is a Republican.

It started, recalls patient Miss Miller, the very first week she got here. She was asked for an autograph by a fellow street car passenger who thought he'd run across the President's daughter.

Since then it's happened from Mount Vernon to the Washington Monument. One day a taxi wheeled right around in the middle of a block to pick her up. The disappointed driver, Mary Gene recalls, tried to pretend he would have done it anyway.

Mary Gene (five feet, four and one-half) is only a half inch shorter than Margaret, but admits to 114 pounds with a faint hint of satisfaction. At the White House they say Margaret varies between 118 and 120.

She's Interested, Too

At 24 and a working girl, Mary Gene tries to be very adult about the whole thing. Margaret, after all, is a college student and a mere 22.

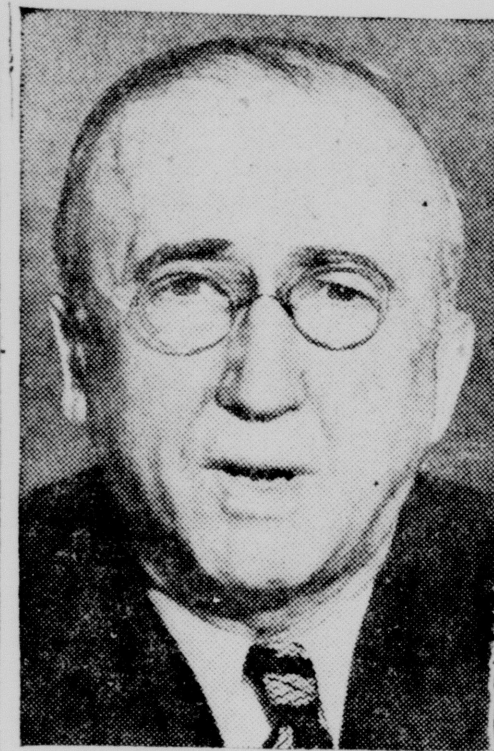

On the whisper, "There goes Margaret Truman," Mary Gene starts looking, too.

"I'm sort of curious," she puts it mildly. "After all—it might be."

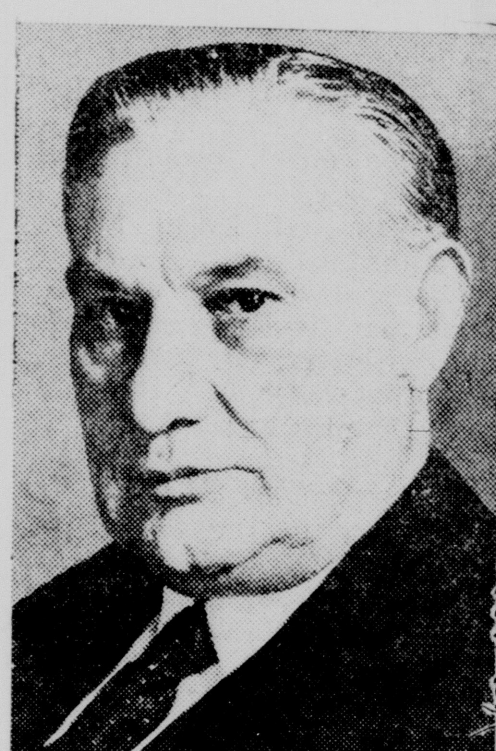

Mary Gene, who gives more than a passing glance to pictures of the White House daughter, has decided it's the hair, profile and—to put it candidly—"the circles under our eyes."

Foreign Ministers of Four Powers Meet in Paris to Pave Way For Peace Settlements

They Seek a Plan for Peace

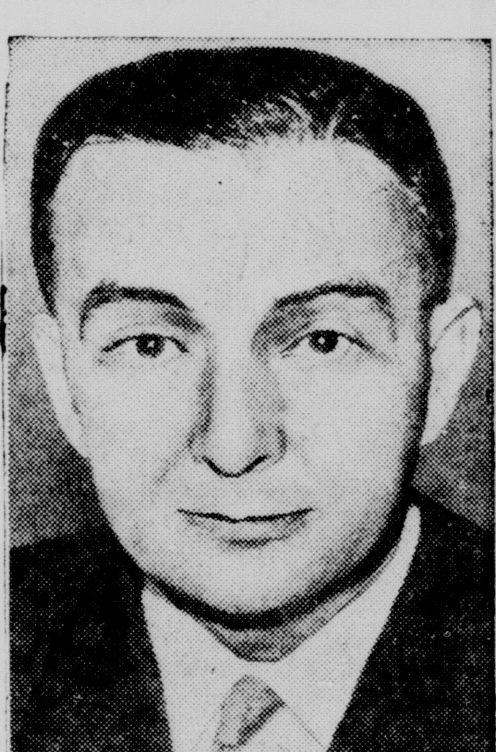

James F. Byrnes, U. S. A.

Ernest Bevin, Great Britain

V. M. Molotov, USSR

The foreign ministers of the Allies' "Big Four," pictured above, are meeting in Paris to seek agreement on peace terms to be submitted to defeated Axis countries and their satellites.

Rev. Knight to First Christian Church of City

**Coming From Iowa;
Prior to That he
Was in Kirksville**

The Rev. Edgar L. Knight of Oskaloosa, Ia., who is to be the new pastor of the First Christian church of Sedalia, will preach a sermon at the church Sunday and return June 1 to begin regular duty. He succeeds the Rev. Dewey L. Meranda, now of Denver, Colo.

Rev. and Mrs. Knight and two daughters, both high school students, will reside at Fourth street and Park avenue.

The Oskaloosa First Christian church, from which Rev. Knight resigned as pastor to accept the Sedalia pastorate, is the leading church of that city of 25,000. The minister went to Oskaloosa eight years ago from Kirksville and previously to that held a pastorate at Monroe City.

The Oskaloosa church reports steady growth during Rev. Knight's ministry, now having attained a membership of 1,700. A debt occasioned by construction of an educational building was eliminated and buildings have been repaired and redecorated.

Interested in Scouts

Active in civic affairs of Oskaloosa, Rev. Knight was district Boy Scouts commissioner, president of the Mahaska County Infantile Paralysis association, was one of the founders of the Community Cooperative Concert association, general chairman of the Youth center and a leader in Oskaloosa Kiwanis club action.

Churches of Oskaloosa honored him with the presidency of the Oskaloosa Ministerial association and the Oskaloosa Council of Co-operating churches. He is president of the Iowa State Student Center Foundation and a member of the National Board of Higher Education.

Wac Falls From Sedalia Victory and Is Lost

NEW YORK, April 25—(P)—An enlisted WAC fell from the New York bound troop transport Victory last night 36 miles off Montauk Point and is presumed to be lost, the army said today.

Name of the WAC was withheld by the army pending notification of next of kin.

J. H. Newland III

J. H. Newland, who suffered a hemorrhage of the brain Tuesday, is in a critical condition. He is at his home, seven miles north of Sedalia.

100 Year Old Man Elopes; Wife is 72

DONIPHAN, Mo., April 25—(P)—George J. Allen, who celebrated his 100th birthday anniversary last January 5, and Mrs. Azilee Taylor, 72 are honeymooning "somewhere in Arkansas." It was learned today. They eloped and were married at Piggott, Ark., April 11 by County Judge John Terry. Allen owns a farm near here.

It was Allen's fifth marriage and Mrs. Allen's third. He has seven children, the oldest being 80 years of age. Mrs. Allen has reared 11 children.

Sextette From Christian College Sings

**At Kiwanis Club;
Miss Roberts of
Sedalia Sings Solo**

Sedalia Kiwanians enjoyed an entertaining musical program given by a double sextette and the senior quartet from Christian College, Columbia, at the club's weekly meeting in Bothwell Hotel Thursday noon.

Miss Barbara Roberts, daughter of Kiwanian and Mrs. Howard Roberts, a member of the sextette, sang two solos.

The singers were under supervision of Miss Geneva Young, director.

Ralph homas presided as program chairman.

New members of the club included were C. R. Roose, general manager of Connor-Wagoner's, and Tom C. Kennan, manager of the Metropolitan Life Insurance Company. The induction was conducted by Ray Jiedel, the Rev. H. U. Campbell, the Rev. W. C. Bessmer and L. J. Harned.

To Sponsor Boys' State

Upon suggestion of L. F. St. orious the club voted unanimously to sponsor a representative to Boys' State in Fulton in June.

The Rev. A. J. Brunswick, president, announced there would be a meeting of the board of directors and committee chairmen at Bothwell Hotel Friday noon to hear the monthly reports of committee chairmen.

Guests were: T. R. Snow, with Dr. J. W. Maunders, and Miss Helen Reifel, field representative and R. A. Miller, business manager of Christian College, with Howard Roberts.

Session Suggested By Byrnes to Talk Over Matters That Have Blocked Efforts

PARIS, April 25—(P)—Foreign ministers of the United States, Russia, Great Britain and France met today in Luxembourg palace for the purpose of preparing European treaties to end the greatest war in history.

Secretary of State James F. Byrnes was the first of the visiting ministers to enter the palace where the four leading powers will attempt to iron out differences which had blocked efforts to draft peace treaties for Italy, Romania, Hungary, Bulgaria and Finland.

It was Byrnes who suggested the conference be convened to solve problems which have deadlocked a council of deputy foreign ministers in London for months and caused a postponement of the scheduled May 1 European peace conference.

French Minister Host

Georges Bidault, French foreign minister and host, was there to meet his American colleague.

Foreign Commissar V. M. Molotov of Russia arrived almost immediately after Byrnes.

Foreign Secretary Ernest Bevin of Great Britain waved to the crowd and entered the palace last. The crowd which jammed the streets, nearby balconies and roof tops gave no demonstration.

The conference began shortly after the scheduled 4 p. m. (10 a. m. CST) time, on the first anniversary of President Truman's speech to the San Francisco conference which drafted the United Nations charter.

Palace Decorated

Luxembourg palace was decorated with flags of the four nations and surrounded by hundreds of policemen who kept the square before the building cleared.

The ministers made no statement prior to settling down to their task of dealing with vanquished European nations.

Diplomatic observers in Paris and other parts of the world eyed the conference closely for clues as to whether the Big Four would be able to work out compromises in the spirit of the United Nations or whether disagreements would promote another era of power politics and spheres of influence.

The deputies have been able to compromise few of the disputed fundamental issues in their six months of discussions, but diplomatic sources said their work served to "clear away the underbrush" of detail and point up differences for decision by their chiefs.

Great Difficulty

The greatest difficulty facing the foreign ministers — Ernest Bevin of Britain, Georges Bidault of France, Vyacheslav M. Molotov of Russia and Byrnes — was expected in reaching an agreement on the treaty to end Italy's nearly three years of "hand-to-mouth" existence.

The four powers are divided over Russian reparation demands on Italy, on Russia's desire for control of Tripolitania and on Soviet demands for bases in the Dodecanese.

One of the thorniest problems, however, apparently had been settled with announcement of a virtual accord on the tough problem of the Italian-Yugoslav border in Venezia-Giulia.

It was believed that a four-power boundary commission which made an on-the-spot study of the latter problem would have its report, with or without recommendations, ready for submission to the ministers by Saturday or Monday.

Explosion of Bomb Awaited

LONDON, April 25—(P)—Bomb disposal experts awaited tensely today the expected explosion of a 1,000-pound German bomb, the mechanism of which suddenly came to life last night after the half ton of explosives had lain buried for five years near Buckingham Palace.

Police, anticipating the blast at any moment, maintained a cordon around St. James park and diverted all traffic away from the danger area.

The mechanism of the bomb—famously known as "Annie"—started ticking last evening after it was uncovered at the bottom of a 30-foot shaft by a disposal squad making preparations for its removal. Major A. E. Smith, commanding the disposal squad, said the mechanism might continue ticking for four days, but declared that if the bomb failed to explode by 7 p. m. (noon CSRT) Friday, "we'll blow it up."

BULLETIN

NAPERVILLE, Ill., April 25—(P)—Two fast passenger trains were wrecked here today and Burlington railroad officials in Chicago estimated 30 persons were killed in the rear car of one of the trains.

A Burlington official, who declined use of his name, forecast casualties—dead and injured combined—would amount to 100.

Four coaches were telescoped and eyewitnesses reported some of the passengers were strewn along the right-of-way by the terrific impact. Both trains—all steel—were west-bound, the Advance Flyer for Lincoln and Omaha, Neb., and the Exposition Flyer for San Francisco. Both left Chicago at 12:35 p. m.

Naperville is about 30 miles southwest of Chicago. Railroad officials said they could not account for both trains being on the same track at Naperville. The Advance Flyer runs a faster schedule than the Exposition Flyer.

Some Want Time Change, Others do not

**Some Opposed
Express Opinions in
No Uncertain Terms**

Daylight savings. Some want it, some don't. At any rate the newspaper poll being conducted through the ballot in the newspaper is giving an excellent cross-section of opinion of what the public thinks. Certainly Sedalia isn't a city of one-minded thinking people, this being brought out by the counting of 280 ballots already in.

Up to noon today the voting on daylight saving time has been fairly well spirited. Favoring the proposal are 147 persons, while the number against it is 133.

Apparently those opposing the project are more serious about the moving of the hands of our clocks back one hour than those who favor it. Already one letter has been received to be printed in "Sports Scraps," it having been directed to that Sunday column; another is a letter:

"To Whom It May Concern," and a ballot marked definitely NO.

Against Proposition

A ballot in an envelope addressed to "Department for Changing Time of Rising and Setting of the Sun and Revising Laws of Nature, Sedalia Democrat, Sedalia, Mo.," has written on it: "The craziest and most meaningless craze ever put out and no polite language for stirring it up. More sensible a 'put out ballot.' Whether in favor of God changinb time of Universe."

"No" on the ballot in several places indicates the opinion of the writer.

One letter is as follows:

"Sweet Springs, Mo., April 24, 1946.

"To Whom It May Concern:

"According to the paper, many Sedalians favor daylight saving time as you may call it.

Asked to Save Everything

"The farmer has been asked to save everything—paper, grease, fats and food. Also the farmer is asked to feed the world. If it wasn't for the farmer you Sedalians could go out of business. With daylight saving the farmer can break down machinery the middle of the afternoon, repair places are all closed. He can be down until morning. A good way to feed the world.

"The farmer's hours are from daylight until dark. Seems like if you Sedalians want an extra hour, please take it in winter, when farmers don't need to come to Sedalia for as many needed things.

"The farmers work their gardens after six o'clock.

"I would suggest if the Sedalians are dissatisfied with the hours, go out on the farm, the water is fine, the air is good.

"Yours very truly,

"A Pettis County Farmer."

Concede Rich City of Harbin To Communists

**Russians Are to
Withdraw by
End of the Day**

By the Associated Press

A Chinese government spokesman conceded the rich north Manchurian city of Harbin to the Communists today but insisted that the Russians get out of the southern port of Dairen, which so far is not on the Red army's schedule of withdrawals.

The spokesman, Minister of Information K. C. Wu, declared that Chinese Communists were "already in Harbin," from which the Russians are scheduled to withdraw by the end of the day.

Wu said he had no information on the situation at Dairen "but Dairen is a part of China and we expect the Russians to withdraw from all Manchuria before the end of the month, as they agreed."

Dairen became a free port under the Chinese-Russian treaty of last August.

Several sources reported that Chinese government planes, trying to land at Harbin to evacuate tarrying government officials, found the airport already taken over by the Communists. The planes returned to Mukden, one of the few government-controlled Manchurian cities, without the officials.

Earlier in the week, 81 administrators sent into Harbin weeks ago, had flown to Mukden.

Communists Welcomed

Sage Jorgensen, the Danish consul who flew out of Harbin only yesterday, told Associated Press photographer Julian Wilson in Mukden that Harbin residents would welcome the arrival of the Communists. He said the citizens feared an outbreak of robbery and looting if the Communists didn't take over because the government garrison there was too small to assume control. Communist leaders said several days ago that they would take Harbin as soon as the Russians withdrew.

Associated Press Correspondent Fred Hampson radioed from Peiping that four planes sent to Harbin yesterday to evacuate officials — the number was not reported — found Communists had taken over the air field. The pilots said the city appeared, from the air, to be in confusion. There were no details.

Chiung Concerned

Lt. Gen. Chao Chia-Hsiang, the chief of staff of the government's northeastern command, told Correspondent Hampson "the generalissimo (Chiung Kai-Shek) is very concerned about the situation." Chao flew to Peiping from Chungking yesterday and expected to proceed to Mukden.

Merry-Go-Round

by Drew Pearson

NOTE — Drew Pearson's column today takes the form of a letter to his younger sister, Mrs. Lockwood Fogg, Jr., of Wallingford, Pa., on the occasion of the birth of a baby.

Washington, April 25—

My Dear Sister: I don't know whether my family appreciates my writing letters and then publishing them in the newspapers. My wife and daughter think it is a terrible practice and the latter raised Cain when I forgot even to send her a carbon of what I sent out to 600 newspapers. She thought I might at least have done her the courtesy of giving her a copy first.

However, sometimes I can write better when I am talking to the members of my family, rather than putting things down on a cold, impersonal page. And today I have been thinking about two important events — one the fact that you have just presented society with a new and charming daughter, and second, the fact that Jimmy Byrnes is sitting down in Paris today to try to begin writing a peace treaty.

To the world at large, of course, there is no relation between those two events. To me, however, there is. For upon what Jimmy Byrnes does in Paris depends in large part whether that daughter of yours and young Lockwood and all the other sons and daughters being born into this world must endure the suffering of another war.

for the kind of world he might grow up in. I said:

"I am just a bit fearful that Cordell Hull thinks of peace as a personal peace — one which can wait until he gets round to negotiating it, as a drink waiting a game of golf; not realizing, perhaps, that the boys who are fighting over there and their wives and children and the mothers who are bringing new sons into the world, have a much greater stake in future peace than Mr. Hull—and may jostle his elbow."

"Mr. Hull has 73 distinguished years to look back on. But they—your son and all the other mothers' sons—have 70 years to look forward to. And they must not be years crowded with the same heartaches and pain as the elder statesmen have handed us."

"This, I realize, is not the kind of letter one should write to the mother of a new-born daughter. But I have a hunch that the mothers of America would rather face these problems now, when they can be solved, than wait until it is too late."

That was written in March, 1944, with the war a long way from being over, and with Mr. Hull at that time down in Palm Beach putting on the golf course.

Peace Conference Twelve Months Late

Today, one year after the end of the European war, we are just sitting down to try to prepare for the final peace conference. We do not even know yet whether that final peace conference actually can be held.

I remember after the last war how resentful some people were over the slowness of the Paris peace conference. In contrast, it was an example of efficiency and speed. It got started January 18, 1919, only two months after the armistice and was finished six months later, a total of eight months after the war. This peace conference is already twelve months late and may never start.

The trouble, in my opinion is that during a war allies are bound together in common danger. Then, the minute war is over, they start forgetting their common ties. They start haggling over the spoils of war.

That was what the late secretary of the navy Frank Knox had in mind when he told some of us as early as the first year after Pearl Harbor that now was the time to get an agreement from our allies regarding air bases throughout the world. That was also what Harold Ickes had in mind when, even before the war ended, he negotiated an oil treaty aimed at eliminating all bickering over one of the world's most troublesome raw materials.

But when the man who saw most clearly the need of arranging the peace while the war was on was thrown out of the administration in the very middle of the war with his job barely started. In my opinion this will go down in history as one of Franklin Roosevelt's greatest mistakes—a mistake to be paid for by your children and mine.

"Collect While Tears Are Hot" Sumner Welles, the man Roosevelt fired as under secretary of state, believed in the lawyers' adage: "Collect your fee while your client's tears are hot."

He had begun, while the Russians were panting for help at Stalingrad and while the British were still in their bomb-proof shelters, to prepare the peace treaties which were to follow the war. Welles called in experts, asked them to work out a founda-

What's Behind the Housing Shortage?

Housing's \$600,000,000 Question---Subsidies

Lumber yards look as bare as this one because industry can provide only 83 per cent of needs, the government says . . .

and mills are cutting only odd sizes because they claim they can't make money on standard cuts of lumber . . .

... but industry insists the whole building picture would look as this one, made in happier days, if ceilings were lifted just enough to change red ink into black.

By S. BURTON HEATH

NEA Staff Correspondent

WASHINGTON (NEA)—Government agencies contend that nothing but \$600,000,000 in subsidies can enable industry to produce the lumber, bricks, plumbing and heating supplies, and the other materials that will be required to construct some two and a half million new homes in less than two years.

But the building supplies industry indignantly rejects the idea of subsidies, and says flatly that if the OPA will show a little common sense in revision of price ceilings, then established firms can and will provide materials and supplies far in excess of any possible demand.

Steel, coal, lumber and other strikes have aggravated the scarcity of all building supplies. But if there had been no strikes at all you still would find the building supply warehouses empty.

There still would not be enough materials for the Wyatt Program, or even for the slightly smaller construction that was in the works before the new regulations halted it.

Governments Story

The Government's story is that industry can provide only 48 per cent of the cast-iron radiation that will be needed, 61 per cent of the sinks, 63 per cent of the building blocks, 69 per cent of the gypsum board and lath, 71 per cent of the plywood, 72 per cent of the cast iron soil pipe, 77 per cent of the building board, 82 per cent of the face brick, 83 per cent of the lumber, 88 per cent of the clay sewer pipe.

Senator Alben Barkley says that it would add \$2,200,000,000 to the cost of housing if ceilings were raised enough to get the necessary materials, but that \$600,000,000 in subsidies would accomplish that result. Housing Expediter Wilson W. Wyatt says that these subsidies would go to marginal producers who can not compete on an even basis, to firms that want to expand, and to those who want assistance in creating facilities to make new products that could substitute for critical materials. But Wyatt wants another \$600,000,000 to encourage prefabricated housing.

Industry challenges not only the prescription but also the diagnosis. The Producers Council, representing the bulk of the major firms in this field, says that if ceilings were raised just enough to change red ink for black, its constituents would make everything that is needed—and more.

Instead of a 52 per cent shortage there could be a 90 per cent excess in cast iron radiation above Wyatt Program requirements, the

materials and supplies far in excess of any possible demand.

Steel, coal, lumber and other strikes have aggravated the scarcity of all building supplies. But if there had been no strikes at all you still would find the building supply warehouses empty.

There still would not be enough materials for the Wyatt Program, or even for the slightly smaller construction that was in the works before the new regulations halted it.

Governments Story

The Government's story is that industry can provide only 48 per cent of the cast-iron radiation that will be needed, 61 per cent of the sinks, 63 per cent of the building blocks, 69 per cent of the gypsum board and lath, 71 per cent of the plywood, 72 per cent of the cast iron soil pipe, 77 per cent of the building board, 82 per cent of the face brick, 83 per cent of the lumber, 88 per cent of the clay sewer pipe.

Senator Alben Barkley says that it would add \$2,200,000,000 to the cost of housing if ceilings were raised enough to get the necessary materials, but that \$600,000,000 in subsidies would accomplish that result. Housing Expediter Wilson W. Wyatt says that these subsidies would go to marginal producers who can not compete on an even basis, to firms that want to expand, and to those who want assistance in creating facilities to make new products that could substitute for critical materials. But Wyatt wants another \$600,000,000 to encourage prefabricated housing.

Council claims. There could be a 33 per cent surplus in building blocks; a 60 per cent surplus in gypsum board and lath; a 12 per cent surplus in plywood; a 114 per cent surplus in cast iron soil pipe; about a 350 per cent surplus in lumber, millwork and flooring; a more than 80 per cent surplus in bricks; a more than 1200 per cent surplus in clay sewer pipe.

There won't be any such production, the Council and other trade sources say, because of the effect of ceilings. Their explanation can be illustrated by a few out of many concrete examples offered:

The OPA price on certain standard dimensions of red cedar lumber has been pegged at \$32. But for odd lengths and sizes the mills can charge \$50. They can't afford to sell at \$32, so they make only the odd sizes. The builder pays \$50, plus the cost of hauling to a custom mill and reworking, for \$32 lumber. The buyer's cost is up more than 100 per cent.

Flooring has been pegged at \$55 for a specific type. The mill can legally charge \$62 for the boards out of which this flooring is made. So it sells the boards, the buyer pays for hauling them to a custom mill and finishing them, and the buyer is stuck with the added cost.

Can't Afford It

The mill can charge \$7 a thousand feet more for thick 6-inch timbers than it can get for 1x6 siding; so it sells the timbers and lets the buyer stand the cost of splitting and planing them into siding. On another type, the mill can charge \$97 for 3-inch planks, but only \$82 after those planks have been split into one-inch board for builders' use.

Brick manufacturers say they can't afford to make ordinary face brick for \$21 a thousand, so they produce wirecut face brick at the legal ceiling of \$32, adding \$99 to the cost of a small house.

Congressional committees have been given many more examples of pricing schedules that, manufacturers claim, make it impossible for them to produce without loss. The solons have been told of many large producers who have shut up shop because they were unable to support continuing deficits.

The industry argument is that ceiling raises which would make production at least slightly profitable, and would reopen mills and factories, would cost very much less than the \$600,000,000 that the Government proposes to spend on subsidies. And, the industry claims, with such raises its

To Deliver Corncob Pipes to MacArthur

A supply of Missouri's famous corn cob pipes is on the way to Gen. Douglas MacArthur in Tokyo. Here General Eaker receives for himself a box of pipes, similar to those he is taking to General MacArthur, from Miss Helen Bouldin, of Clarksdale, Miss., a student at Stephens college at Co-Deborah Hole of Newtonville, Mass., another student. The presentation was made at the national conference on "women in aviation," held at the college. General Eaker was one of the featured speakers at the conference, stopping off enroute to the Pacific for an inspection trip of air-bases there. (AP PHOTO)

Mrs. C. L. Carter, Garden club leader, instructed a class composed of members of her garden circle, No. 3, on flower arrangements Wednesday at her home, 700 South Beacon avenue, and afterward two of the arrangements were taken to the public library for display.

One is in shades of purple, Columbine, wood and plumy hyacinths accented by old-fashioned yellow roses, and the other floral design is a nosegay type in which narcissuses, pinks and funkia leaves are used.

This was the first of a series of classes to be held to practice floral arrangements.

Miss Marian Demand of Smithton, music supervisor of Grandview high school, presented 90 pupils in the district music festival at Raytown April 11 in which 16 high schools participated. Grandview, with 20 vocal and instrumental entries, received three first ratings, twelve second ratings and five third ratings.

An enjoyable day was spent at the home of Mr. and Mrs. Walter E. Reusch of Florence Easter Sunday, when they entertained with a dinner the following guests:

Mr. and Mrs. John Sudduth, Mr. and Mrs. Eugene Sudduth and son, "Genie," and Mr. and Mrs. William Sudduth, Smithton; Mr. and Mrs. August Reusch and Lawrence and Ann Reusch, Mora; Mr. and Mrs. Paul Wensch, Jr., and baby son, Charles, Sedalia.

Miss Christine Arnett, daughter of Mr. and Mrs. Elias Arnett of Green Ridge, and Eugene Wallen, son of Mr. and Mrs. W. B. Wallen of Wichita, Kas., were married at 7:00 p. m. April 20 in La Monte by the Rev. Orville Woolery, pastor of the La Monte Baptist church. The Wallen family formerly resided in Green Ridge.

Attending the couple were Mr. and Mrs. Donald Arnett.

The bride was attired in a dress of blue taffeta with black accessories and wore a corsage of pink rosebuds and carnations. Mrs. Arnett wore a blue suit and corsage of pink carnations.

Mr. and Mrs. Wallen will reside temporarily at the home of the bride's parents.

An all-day meeting of the La Monte Garden club was held Friday at the home of Mrs. Walter Pippin. Mrs. L. W. Patton presided over the afternoon meeting, leading the song, "Follow the Gleam" and the club collect. Descriptions of interesting things the members had seen en route to the meeting were given in answer to roll call.

The president reported on the recent meeting for club presidents held in Sedalia. Mrs. Louella McCune read the health letter. Donations were taken for the student loan fund and club dues were paid. One cent per member for a Friendship fund was contributed. Red

Last Rites for Judge Stone

WASHINGTON, April 25.—(P)—President Truman led the nation today in paying its final solemn respects to Chief Justice Harlan F. Stone.

Mr. Truman revised his vacation cruise plans to leave the presidential yacht Williamsburg at Quantico, Va., and motor back to the capital for the funeral services (at 2 p. m. EST) in the Washington cathedral.

Church officials made arrangements to handle 2,000 persons expected to throng the great Gothic edifice on one of the capital's hills.

Honorary pallbearers were the associate justices of the supreme court who were sitting with Chief Justice Stone when he was stricken fatally Monday. These included all of the high court's members except Justice Jackson, who is in Germany for the war crimes trials.

Three retired members of the court, Chief Justice Hughes and Justices McReynolds and Roberts, also have been designated honorary pallbearers.

Representatives from the Senate and House, from lower courts, from bar associations and from other groups joined in the last tribute.

An old friend of the Stone family, the Rev. Fleming James of Sewanee, Tenn., came here to conduct the brief Episcopal church funeral service.

Missouri Cob Pipes To Mac Arthur

COLUMBIA, Mo., April 25.—(P)—Gen. Douglas MacArthur's supply of corn cob pipes is being replenished.

And not only that—they are going by air and in the care of a lieutenant general.

A box of the famed Missouri product was dispatched to the general in Tokyo by the National Conference on Women in Aviation, meeting at Stephens College here. They were entrusted to Lieut. Gen. Ira C. Eaker, deputy chief of staff of the army air force, who is flying to Japan on an inspection trip.

General Eaker, who spoke at the conference, also received a box of the pipes.

U. S. Equipment To Poland

WASHINGTON, April 25.—(P)—Poland won assurance today of \$90,000,000 worth of badly needed American industrial equipment after promising anew to hold free elections and not to discriminate against the United States in international trade.

The state department announced last night that the government had granted Poland a \$40,000,000 loan and also had arranged for that country to acquire surplus United States property in Europe valued at \$50,000,000.

How the \$50,000,000 credit was to be handled was not made clear. The \$40,000,000 loan, however, will be made through the export-import bank. It will draw three per cent interest and will be repaid in forty annual installments beginning in 1951.

Interior Minister Giuseppe Romita announced today that "a few persons" have been arrested in connection with the removal of Benito Mussolini's body from a Milan potter's field.

Romita declined to identify the persons arrested, saying he did not want to "interfere" with the investigation.

In Milan, Police Chief Umberto Ferrante said that two night watchmen at the cemetery had been arrested, but there was no indication whether they were among the persons to whom Romita referred. Ferrante added that the investigation had extended into the provinces far outside Milan. Numerous gravediggers have been questioned because the exhumation was done with professional skill, he said.

Romita denied reports that Mussolini's body had been given a secret new burial at the former

Artists to Appear Here Monday Cook as Well as Play The Piano

When the neighbors call in the police to stop your piano playing it isn't considered much of a compliment. But there was no reflection on the playing of David Miliken and Richard Johnson, young duo-piano team, who weren't charged when that happened on several occasions during their undergraduate days at the University of Michigan at Ann Arbor. Johnson and Miliken will appear with the Sedalia Symphony orchestra in a concert Monday night at the Smith-Cotton high school auditorium.

The two students were living in a garage which had been converted into a studio apartment. It was furnished principally with three grand pianos. Located in an exclusive neighborhood, the near-by residents occasionally complained to the police when the two men, engrossed with their playing, would sometimes practice most of the night.

Music at All Hours

Music that would sound wonderful at the proper time of day or night was somehow not so pleasing at odd hours of the early morning.

Former occupants of the apartment had been Dallis Frantz and Stanley Fletcher, now well known pianists and also pupils of Guy Maier, who urged Johnson and Miliken to form a piano team. Hunter Johnson, the composer, also had the same lodging during his school days.

While living at the studio Richard Johnson began to develop a hobby of cooking—with the emphasis on exotic dishes. He planted a herb garden and experimented with all sorts of unusual cookery. Some of his specialties are Russian and Swedish favorites—he prepares a smorgasbord that makes their friends clamor for invitations to dine.

Born in New Orleans

Miliken, who was born in New Orleans, is a master of Creole culinary art and expertly prepares many of the dishes for which his native city is so famous.

The dexterity of their fingers is by no means limited to their piano playing, as their cooking skill so well testifies.

Of course, their guests have no guarantee of the time that dinner will be served—the only thing of which one may be assured is the

dictator's birthplace at Predappio and asserted there were no new clues to its whereabouts.

In Rome, Italian police posted a continual guard around the Palazzo Venezia to thwart possible attempts to slip the body into the duke's former headquarters.

Police Find Window And Door Open

The north window at the Phillips Service station, Broadway and Crescent Drive, was found open by police officers Wednesday evening. It is believed the station had not been robbed, as it has been so many times in the past few months.

A gate at the Tippey used car lot, Second street and Massachusetts avenue, was found unlocked Wednesday night by the police. The gate was locked. It was not believed opened by thieves.

Axis Fleets Lost

WASHINGTON, April 25.—(P)—The German and Italian fleets lost 1,110 submarines destroyed in World War II, the navy reported today in a recapitulation of naval losses suffered by the European Axis.

Besides this staggering loss of underseas craft during hostilities, the report said, the enemy navies lost an additional 162.

Missing Car Found

The 1937 Ford coach of Mrs. Mae Hayworth, 1000 West Sixth street, stolen Wednesday, was later found in the 800 block by the police. It has been returned to the owner.

excellence of the meal which eventually will be offered. The piano duoists have been known to arrive at their apartment in pre-meal shortage days, just ahead of their dinner guests, packing a beautiful leg of lamb. The dinner which was finally served at 10 p. m. was well worth waiting for and the diners were compensated, while they were having hunger pangs, by impromptu recitals.

Has Two Hobbies

David Miliken has two hobbies, one of which is the collection of Chinese art objects, of which he has several rare and lovely pieces. He also is skilled as a silversmith and has made some very fine bowls and spoons.

Persons hearing their refreshing and individual two piano performances acquire a new hobby themselves, it is said—that of hearing them play on every possible occasion. And today, when they are at the keyboards, no one calls the police, unless it is to handle the crowds.

Mr. Greer was born May 25, 1874, son of the late David and Orpha Swope Greer, near his present home and had lived in that community all of his life. He was married to Cora Belle Hunter at the Hunter home near Longwood, on February 7, 1899.

Surviving are his wife, one son, Eugene, of Kansas City, two brothers, J. D. Greer, of Houstonia and G. H. Greer, of Olathe, Kas., and two grandchildren, Mary Sue and Judy Belle Greer, of Kansas City.

He was preceded in death by one son, Ernest Greer, on June 29, 1934 who died at the age of twenty-one.

Burial will be in the family lot in High Point cemetery.

Deb Clevenger

Deb Clevenger died at his home northeast of Green Ridge at 6:30 o'clock this morning.

The body is at the Parker home at LaMonte.

Funeral arrangements have not been completed.

Joe Kabler Service

Funeral services for Joe Kabler, Route 1, Beaman, who died Wednesday morning from injuries received in a car accident Wednesday morning, were held at 2:30 o'clock this afternoon at the Union church with Rev. Dell McLaughlin, of Nelson, officiating.

Pallbearers were Fred Shaw, Earl Shaw, Carl Kabler, Milton Fischer, Babe Scott and Sam Kabler.

Mrs. Homer Hall and Mrs. M. O. Stevens sang, "The Old Rugged Cross," "Does Jesus Care" and "Going Down the Valley." Mrs. Mae Moser was the accompanist. Burial was in Union cemetery.

G. R. Caldwell

G. R. Caldwell died suddenly at his home near Beaman this morning. Dr. K. R. Holdren, coroner, who was called, said death was due to a hemorrhage of the stomach, and an inquest was not necessary.

The body was brought to the Ewing funeral home.

Plant For Sale or Lease

ST. LOUIS, April 25.—(P)—The \$60,000,000 TNT plant at Weldon Springs, 30 miles northwest of St. Louis, is up for sale or lease.

The 17,622-acre ordnance works was placed on the market today by the War Assets Administration. It was declared surplus by the war department last December but was not officially listed as surplus until today.

Files For Representative

Paul Willard, 1702 South Montgomery avenue, today filed as a candidate for the nomination for representative from Pettis County, on the prohibition ticket.

Nationwide Railroad Strike Called

CLEVELAND, April 25.—(P)—A nationwide railroad strike to start May 18 was ordered today by officials of two large rail brotherhoods, the Trainmen and Locomotive Engineers.

General chairmen of the two brotherhoods reached the strike decision after a two-day conference in which they rejected recommendations made by a fact-finding board in the brotherhoods' dispute with carriers over wages and working rules changes.

In view of today's action, government seizure of railroads was the only way to prevent suspension of rail operations after the May 18 deadline.

Walkout Approved

Chairmen approved the walk-out by acclamation after President A. F. Whitney of the Brotherhood of Railroad Trainmen told the conference:

"Now is the psychological time to press down on these railroads and get our rule changes through. 'If the government calls us to Washington, we'll go, but the strike order won't be called off until a satisfactory settlement is reached.'"

Alvan Johnston, grand chief engineer of the Brotherhood of Locomotive Engineers, likewise told the conference the strike would continue "until a satisfactory settlement was reached."

Representatives of the two brotherhoods met with the carriers Monday at Chicago to attempt to negotiate differences.

Testifies

Against Goering

(Continued From Page One)

with his face drawn in hard, grim lines. Keitel smiled and slightly shook his head in the negative when his name was mentioned.

Gisevius said Hitler first intended to name Von Fritsch as Von Blomberg's successor in the war ministry, "but Goering and Himmler reminded him that was impossible because Von Fritsch was badly incriminated" in the homosexuality charges.

He testified that Hitler was indignant in 1935 when shown Gestapo files purporting to link Von Fritsch with the homosexuality charges, and ordered the files burned. Nevertheless, the witness continued, Goering and Himmler held on to them and in 1938 Goering offered to produce a prison inmate who three years before had told the Gestapo of offenses by a man named Fritsch or Frisch.

Threatened Convict

He declared that Goering first took this convict to Karinhall, Goering's home and "threatened to have him killed unless he repeated the statement before Hitler."

"Von Fritsch was asked to the reichschancellery on Jan. 24, 1938, and told by Hitler of the accusation," Gisevius said. "He indignantly denied them. Then in a dramatic moment, Goering opened the door and the prisoner came into the room and pointed at Von Fritsch and said: 'That is he.'"

Gisevius said the Gestapo knew as early as Jan. 15 that year that Von Fritsch really was innocent. He said Hjalmar Schacht, one of the defendants here, and other "decent Germans" believed the time for the overthrow of the Nazis had arrived when Hitler appointed Col. Gen. Walter von Brauchitsch to succeed Von Fritsch.

A group of plotters, the witness testified, went to the new chief of staff and to Grand Admiral Erich Raeder and others urging that "now was the time for the generals to get rid of this reign of terror." He said Von Brauchitsch agreed but decided against acting until a German war court had exonerated Von Fritsch and thus weakened Hitler's hold on the people.

Goering Headed Court

Goering had been appointed as president of that court. It met, then adjourned.

"That was the day the decision was made to have the Germans march into Austria," Gisevius declared. "We harbored no doubt as to why the president of the court was interested in seeing that the troops got orders to march that day."

"A week later the court could meet again, but by then Hitler had his first big triumph and the Germans had their first campaign of flowers."

"The court was dissolved. Von Fritsch's innocence was proclaimed but Von Brauchitsch said that under the new situation created by the annexation of Austria, he could no longer take responsibility to proceed with the putsch. 'That is the story of how the war ministry was deprived of its leading men and then the generals were thrown into confusion and from that time on passed into radicalism,' Gisevius concluded.

Out of Service

Sgt. Jack N. Baugh arrived in Seattle, Wash., from Japan Monday and left Tuesday for Jefferson Barracks, St. Louis, to receive his discharge, according to a telegram received by his parents, Mr. and Mrs. H. F. Baugh. He was in service twenty-eight months, spent eight months overseas in the European area and nine months in the Pacific area. He expects to be home the last of the week.

Ex-Convict, Gambler, Shot to Death

Second Such Slaying in K. C. In Five Days

KANSAS CITY, April 25.—(P)—Guy J. Nichols, 48-year-old ex-convict and gambler, was found shot to death today in a secluded area on Blue Ridge boulevard, east of the city.

It was the second such slaying here in five days. The body of Thomas Lee Kelly, convicted jewel thief, was found in the north end last Saturday.

Nichols had been shot three times near the right ear and once under the left shoulder blade.

Deputy Sheriff Jack Price, who made the identification, said a Social Security card in Nichols' pocket gave his address as the Robidoux hotel, St. Joseph, Mo.

Nichols was released last Friday by the police who had held him for investigation.

Many Inquiries

Since his release, police said, they had received many telephone calls indicating keen interest in his whereabouts. The latest of these calls came last night.

Lieut. Clarence Raisbeck, head of the burglary and robbery unit, said Nichols had told him he recently operated a gambling establishment at St. Joseph.

Police records show he had been arrested here 17 times for offenses ranging from grand larceny to narcotics sales. He once served a sentence in the Minnesota state penitentiary for robbery.

Young Actor Marries Today

LAS VEGAS, Nev., April 25.—(P)—Freddie Bartholomew, young English actor, and twice married Maely Daniele, six years his senior, were married at 2 o'clock this morning at the home of an attorney.

The couple, who three weeks ago promised Freddie's aunt and guardian, Mylicent Bartholomew, that they would wait to have a formal church wedding sometime this summer, motored here from Hollywood.

Miss Daniele, who met the 22-year-old Freddie when she was publicity agent for a little theater at which he appeared, obtained a divorce this month here from Michael Stolzberg, New York attorney.

The ceremony was performed by Judge A. S. Henderson at the home of attorney Paul Balli, who, with Mrs. Balli, acted as witnesses. Miss Daniel gave her age as 28 in the license application.

EXTRA IRON!

No, Ma'am! No, Sir! Your system just couldn't assimilate enough solid iron, even if you could eat it.

On the other hand, iron (iron ammonium citrate) as supplied by PURSIN, a tonic made by one of America's leading pharmaceutical houses, is easily assimilated, causing a RAPID BLOOD RESPONSE in iron-deficient anemias of nutritional origin. It is almost universally accepted today that iron, when taken orally, and in sufficient quantities, is absorbed, assimilated and CONVERTED INTO HEMOGLOBIN, an important part of the RED BLOOD CORPUSCLES.

PURSIN is also a supplementary source of Vitamin B₁₂ and B₆. One tablespoonful three times a day furnishes for adults and children 12 years or more the FULL MINIMUM DAILY REQUIREMENT OF VITAMIN B₁₂ and one-quarter the full minimum daily requirement of vitamin B₆.

PURSIN, in addition to being a rich supplementary source of iron aids in stimulating the appetite.

Dodgers and Cardinals in A Merry Race

Tied for the Top in National League With Seven Straight Wins

By Joe Reichler
Associated Press Sports Writer

Unless all signs fail, young John Sherman Lollar, Cleveland's rookie backstop appears headed for major league stardom. Lollar was the big reason for Manager Lou Boudreau's decision to rest Frankie Hayes after the veteran catcher had extended his record breaking consecutive game streak to 312.

The soft-spoken 21-year-old native of Fayetteville, Ark., followed his own recipe yesterday when in his first starting role with the Indians, he doubled with the bases loaded to clear the sacks, highlighting a five-run eighth inning rally which gave the Tribe a 5-1 victory over the St. Louis Browns.

Lollar began his professional career in just about the same manner. It was in the 1944 International league opener that Lollar, then making his debut with the Baltimore Orioles, smashed a homer with the bases loaded in his first pro game.

The six-foot, 180-pound receiver went on to become the league's batting champion and most valuable player the following year and was sold at the close of last season to the Indians for a working agreement price of \$10,000.

In addition to his double yesterday, Lollar smacked a single in three official trips to the plate and handled the slants of Charles (Red) Embree, his old Baltimore battery mate, perfectly. He accepted nine chances cleanly including two assists.

The victory, while leveling the Indians' won and lost record to .600, failed to advance them from their fourth place position behind the New York Yankees, Detroit and the Boston Red Sox.

The Yankees moved into undisputed possession of first place in the American league by whipping the Red Sox 12-5 on the wings of a 15-hit attack against five Sox hurlers.

Brooklyn and the St. Louis Cardinals continued their merry battle for first place in the National league as each team won its seventh straight after bowing in the season's opener. The Dodgers routed the Philadelphia Phils, 11-3, for their 12th consecutive win in Shibe park.

Truett (Rip) Sewell, an old nemesis of the Chicago Cubs, tamed the Bruins again with a nine-hitter in pitching the Pittsburgh Pirates to a 4-3 decision over the National league champions.

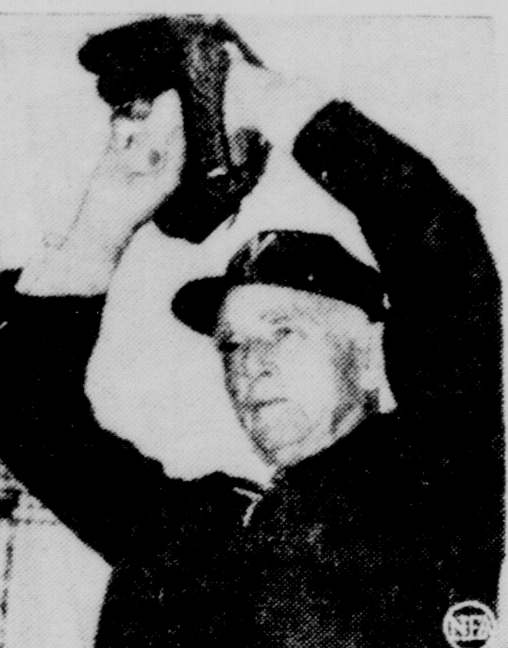

Boston's Braves raked five New York Giants hurlers for 14 hits including successive home runs by Tommy Holmes and Ray Sanders, to outslug the Polo Grounders, 10-7.

Held scoreless for seven rounds, Washington's Senators rallied for four runs in their half of the eighth to overcome a 1-0 deficit and defeat the Philadelphia Athletics 4-2.

Special Homicide Court
PHILADELPHIA, April 25—(AP)—District Attorney John Maurer reported today there have been so many cases of homicide in Philadelphia this year that a special homicide court is being set up.

The regular court facilities are inadequate, he said, to handle the trials of 21 persons indicted in 19 homicide cases. There has been an increase of 200 per cent over last year's total of homicide cases, he added.

Sports Roundup

By Hugh Fullerton, Jr.

BEAR MOUNTAIN, N. Y., April 25—(AP)—You'd hardly expect to find a heavyweight fighter's training camp in this semi-secluded spot that is liable to be overrun with kids or holiday seekers from Manhattan at any given moment. . . . But Bruce Woodcock, British heavyweight champion, and his manager Tom Hurst, can scatter original ideas about training around as freely as they scatter their "hatches" and maybe this is one of them. . . . Woodcock does his heavy training about 5 p. m. instead of several hours earlier as most boxers do. He got the habit during the war when he was working in a factory and couldn't train earlier and now Hurst doesn't see any reason for altering that routine. . . . "And I'll tell you what," Tom adds. "If we stay around here during the summer I'll have him train at night. There's no use using up his energy during the hottest part of the day."

High Flier

Woodcock not only is the first British heavyweight to invade these shores since Tommy Farr came over in 1938, but he's the first who ever flew across the ocean to fight. Said Hurst:

"On a boat it would take five days and then the boy would need a week more to get rid of his sea legs."

Bad Omen

The Briton's one complaint about Bear Mountain as a training site is that in the historic Hudson valley he can't find a place to do his roadwork without running across signs saying: "This is where the British were defeated." . . . "Hi say," asks Bruce "didn't we ever give them a go?"

Getting Ahead

The Yankees' Larry MacPhail claims that if he hadn't been a duck hunter, Ed Head might never have pitched that no-hit game for the Dodgers. . . . Seems Larry went duck hunting in Louisiana when he was Dodgers' boss a few years ago and became acquainted with the president of the Abbeville Evangeline league club. . . . Later the Abbeville man called to offer him first crack at a kid pitcher who had compiled an amazing record so Larry bought him for \$3,500 and a couple of castoff players. . . . "The fellow nearly oversold himself," says Larry, "when he told me Head could pitch left-handed as well as right handed."

More Work on Drill Field is Recommended

By Army Medical Doctors for Occupation Troops

FRANKFURT, Germany, April 25—(AP)—Rigorous measures to combat a deterioration of discipline among American troops in Europe—including busy training schedules for all and an 11 p. m. curfew for soldiers with bad conduct records—were ordered today by Gen. Joseph T. McNarney.

The European commander-in-chief, admitting that morale and discipline have declined seriously within the last few months, told a news conference he had issued orders that "prompt corrective measures must be taken to remove the cause, deal swiftly and justly with the offenders and limit and prevent any future occurrences."

Earlier army medical officers had recommended that the troops be given plenty of work on the drill field as one means of fighting an excessive venereal disease rate.

Maj. Claude M. Eberhart of Chicago, venereal disease control officer for the European theater, proposed that all major commands in Europe "return to garrison life" and its strict discipline to fight venereal disease, which he said now averages 211 cases per thousand men per year.

Gen. McNarney, in his orders yesterday to tighten discipline, listed the "excessive venereal disease rate" as one indication of deteriorating GI morale and discipline. Maj. Eberhart said the annual rate rose from 52 cases per thousand on V-E Day to highs of 427 per thousand in some areas.

Rate May Rocket

"There is, however, no guarantee that the rate won't continue to rocket," Eberhart said. "Food shortages, as they grow worse, will increase the promiscuity of girls, who will become more willing to sell themselves for chocolate bars and the necessities of life which soldiers can provide."

"One of the few alternatives," he continued, "is to enforce army discipline, with emphasis on drills, reviews, parades, tightening of

courtesy and general discipline, and a re-institution of military calls, such as retreat and reveille. "This will not only keep the idle soldier off the streets but will give him pride in being a soldier. Right now many soldiers have no pride, and men without pride don't care with whom they sleep."

Maj. Eberhart said the venereal disease rate, which climbed sharply after V-E Day, dropped slightly in September as a result of an educational program and redeployment, but then began to skyrocket again.

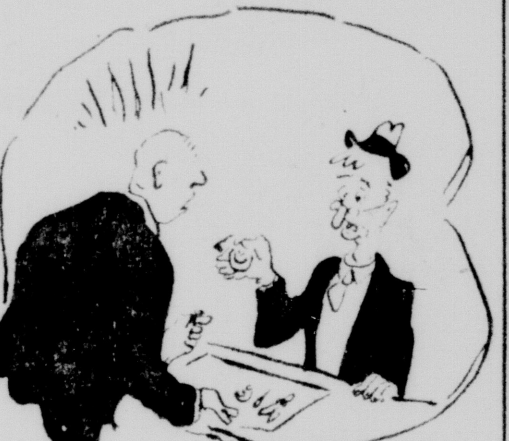

Educational Program Helped

"Something had to be done," he asserted. "So the army made penicillin available to German VD clinics and vice squads went into action in all major troop areas, picking up vagrant women for inspection and treatment. At that time—the beginning of December—the VD rate ran as high as 50 per cent among women in Berlin and Bremen and the average number of soldier cases throughout the theater was 225 per thousand."

Rip Sewell, Pirates—Pitched and batted Pittsburgh to a 4-3 victory over the Chicago Cubs with his eighth inning single breaking a 3-3 deadlock.

Nick Eiten, Yankees—Had perfect day at bat with three hits and two walks and drove in three runs as New York walloped Boston's Red Sox 12-5.

George Binks, Senators—His pinch single drove in two of Washington's four runs in eighth inning which paved way for a 4-2 triumph over Philadelphia's Athletics.

Carl Furillo, Dodgers—Collected four hits including a home run and drove in three runs as Brooklyn trounced Philadelphia's Phils 11-3.

Opening of Metropolitan Prophylactic Stations in Berlin, the rate in Berlin has dropped to 167 and in Bremen to 139," said the former assistant professor of preventative medicine at Loyola Medical school.

"The rate is under control at the

moment, but unknown factors may send it up again. In the western base section, including France, Belgium and the United Kingdom, for instance, it is rising and has been up to 427 cases. "We have to anticipate a rise and one solution is the re-imposition of real garrison life in Europe."

Merit System Bill Is Signed

Examinations To Be Held Under Its Provisions

JEFFERSON CITY, Mo., April 25—(AP)—A bill to put several thousand Missouri state employees under a competitive merit examination system was signed into law by Gov. Phil M. Donnelly Wednesday.

The merit system, to be fully effective within a year, will cover employees of the social security commission, unemployment compensation (employment security) commission, the state board of health, and penal and charitable institutions.

Missouri's 1945 constitution called for penal and charitable institutions to be removed from politics and put under civil service, but the legislature expanded that directive.

Currently, approximately 2,500 workers are chosen by competitive examination under a joint federal-state plan covering state agencies which derive part of their income from federal revenue.

Administration of the new system, which will be part of a new department of business and administration, will be in the hands of a director to be paid not more than \$6,000 a year. He will be chosen by examination by a three-member personnel advisory board which will be appointed by the governor.

Opponents of the merit plan attacked it in the legislature as the entering wedge for destruction of the two party system. It squeaked through the senate only after numerous amendments.

During the hot debates, opponents tried unsuccessfully to require that merit system appointees be equally divided between the two parties.

Be Some Exemptions

Certain employees will be exempted from the competitive examination system. They will include private secretaries of departmental executives, physicians, chaplains, attorneys and professional workers hired for special purposes.

The new law starts operating within thirty days, when the governor must appoint the first member.

Campaign To Advertise Missouri's Resorts

Missouri is telling the rest of the country what it has to offer as a vacationland through a national campaign through a national papers and magazines.

The campaign is made possible by an appropriation voted by the Missouri General Assembly to promote the state from a recreational and industrial standpoint. One-sixth of the fund is going into advertising, equally distributed between recreation and industrial promotion.

The Missouri Resources and Development Commission believes that a campaign to boost the state recreationally and industrially should begin at home. Consequently, every recognized daily and weekly newspaper in Missouri is

taking part in the advertising promotion.

Also participating are metropolitan dailies, mostly in large cities east of the Mississippi river, such as Detroit, Cleveland, and Philadelphia. Hugh Denney, Resources and Development director, reports that the department long has had inquiries from such centers indicating an interest in Missouri as a vacationland and as a site for new factories.

Advertisements also are appearing in sportsmen's publications and such general magazines as Colliers and the Saturday Evening Post, while industrial advertising is being placed with leading trade journals.

Prominent Resort State

Thus, for the first time, Missouri is joining prominent resort states which for years have claimed national readers' attention through advertisements aimed at tourists. The Missouri message is being carried to the nation, alongside those of established state advertisers such as Wisconsin, Minnesota, and Florida.

Mr. Denney, in discussing the advertising phase of the campaign, emphasized that the job of putting over Missouri as a resort state cannot be done simply by placing advertisements and letting it go at that.

"Every Missourian has a stake in this promotion," he said. "Every part of the state has something to offer the traveler. The advertise-

ments will spread the message and arouse the interest, but the folks at home will have to carry on from there.

"All of us should be aware of the great assets we have in Missouri as a vacationland. We want to impress our visitors with good old Missouri hospitality. We must plan to expand facilities everywhere to accommodate the people who are coming to Missouri and will be coming here in the future."

In this connection, Denney declared that the resort business in Missouri offers a good opportunity, and suggested that veterans look into the prospects.

Looking Backward Forty Years Ago

Architect Thomas W. Bast has received directions from E. G. Cassidy to prepare plans for a store and office building to be erected on the site of the Katie building, destroyed by fire last December. The structure, which is to be two-stories high, will be modern in every respect and will cost about \$20,000. Mr. Cassidy was anxious to build a four or five story structure, but owing to the fact he could not secure a satisfactory elevator service, a two-story building with accommodations in a style that are "up to the minute" was decided upon.

J. J. Coats is in receipt of a letter from his brother, written at Bakersfield, Calif., in which he stated that 500 San Francisco refugees had arrived there and were being cared for by the city.

At Lexington, Wednesday, in excavating for the foundation of Lexington's high school annex, workmen uncovered several skeletons. Fifty years ago the present high school block was the city cemetery.

Mayor John A. Collins had received the following self-explanatory telegram: "San Francisco, Calif., April 24, 1906. John A. Collins, mayor, Sedalia, Mo. Dispatch received. Heartfelt thanks for sympathy and material assistance. Will place \$1,000 at disposal of the National Red Cross association. George C. Pardee, governor." The money was wired last Saturday by the city, being contributions from residents of this community for the earthquake and fire sufferers.

YES, CLOROX DISINFECTS. IT ALSO DEODORIZES, REMOVES STAINS. AND, TOO, IT'S CONCENTRATED... A LITTLE GOES A LONG WAY!

MODERN home makers carefully heed the advice of health authorities who urge hygienic home cleansing to protect family health. That's why so many women use Clorox in routine cleaning to make kitchens and bathrooms sanitary, for Clorox is an effective germicide.

In laundering, Clorox provides sanitation, too... it also bleaches white cottons and linens snowy-white (brightens fast colors). Clorox is economical and easy to use. Simply follow directions on the label.

National Music Week will start May 5 and will be observed by various organizations and clubs in Sedalia.
Mrs. T. E. Gasperson, chairman, would be glad to have any organization desiring a program contact her. Also programs which have been planned by clubs or organizations for Music Week she would like to know about it. Those in charge of such programs are asked to call her at telephone number 1088.

Home Was Never Like This
Maybe It Wasn't, But A Roof's a Roof Today

ground that the telephone company had prior claim to her "home."
Schools might provide an answer to your problem. Mr. and Mrs. Robert Lopez converted a school room in Rochester, N. Y., into a cozy apartment, covering the blackboards with colorful chintz. And Prof. John C. Goff, superintendent of Eastchester Union Free School district, unable to find other quarters for himself and his wife, moved into the home economics classroom at Tuckahoe high school, Tuckahoe, N. Y.
How about an old street car? Mr. and Mrs. James Neykodem bought one from a Chicago junk dealer for \$300, planned to move it to Downers Grove, Ill., where Mrs. Neykodem said she could

By NEA Service
In Hollywood, a movie hopeful offered to trade an apartment for a motion picture contract. He wasn't so dumb. It's a lot harder today to find a place to live than it is to crash the gates of Hollywood.
But ingenious America is finding some kind of an answer to the problem, even if it's only a barrel, a doll house, or a telephone booth.
And that barrel is all right. Ardell Hagen of Devil's Lake, N. D., looking for a place for his wife and 18-month-old daughter, Elaine Marie, converted a barrel-shaped roadside hamburger stand into a cozy two-story apartment complete with oil heat, running water and electricity.
Herbert Anderson is going to have a little more trouble with the doll house he and his wife rented in Minneapolis, Minn. The doll house was built in 1900 for a 3-year-old girl and Anderson, who

make it look "real cute" with a little fixing up. A Kansas City family bought one for \$75, took off the wheels, and moved in with their eight children. A Los Angeles contractor converted old street cars into stucco-faced, blue-trimmed cottages. At least they have plenty of windows.
Of course, if you are on the desperate side you might try the method used by an inebriated gentleman in Boston. Feeling excessively weary and unable to find quarters, he simply broke in the door of a bank and laid down on the lobby floor. The police objected, however.
Lee Shaw the two other girls solved their housing problem by renting an abandoned drug store in San Francisco. They have to bathe in the sink, but it's still fun, they say.
Enfilade
Perhaps your approach to house hunting is wrong. Two ex-GIs looking for an apartment in New York City remembered their military training, picked a suitable

shore of the Delaware river near Trenton, N. J. And Navy electrician's mate Bill Snyder couldn't wait for a contractor. He borrowed some books from the Boston Public Library, read up on carpentry and masonry, and is building his own.
Simple, this housing problem, isn't it?
Religious Pictures To be Shown Here
The Rev. Robert E. McKinney, a traveler, evangelist and teacher, will show moving pictures of religious scenes at the Free Methodist church, Thirteenth street and Marvin avenue, Friday and Saturday nights, beginning at 7:30 o'clock.
Mr. McKinney visited the Holy Land a few years ago and took four thousand feet of moving pictures.

A short time ago Rev. and Mrs. McKinney returned from a two-months visit to Haiti, in the West Indies, where he took a thousand feet of colored moving pictures of this tropical island, native life, and the mission work being done there.
He is an ordained minister of the Christian Missionary Alliance.

Community News from GREEN RIDGE

Supt. and Mrs. Keith Davis and son, Larry, were recent guests in the home of Mrs. Davis' brother, J. R. Cleveland, and Mrs. Cleveland in Kansas City.

Clarence Cox, son of Mr. and Mrs. S. A. Cox, and Harold Williams, son of Mr. and Mrs. George Williams, will report at Ft. Leavenworth, Kas., April 25 for military induction.

Roy Glenn Nevils, son of Mr. and Mrs. R. A. Nevils, is stationed at San Diego, Calif., where he is receiving boot training which will be completed May 15. He will then receive a short leave according to a letter received by his parents.

Mr. and Mrs. Benny Clevenger, accompanied by Mr. Clevenger's mother, Mrs. Mattie Clevenger, and granddaughter, Ernestine Vannoy, spent a day last week as guests of Mr. and Mrs. Earl Clevenger and family of Sweet Springs.

Mr. and Mrs. Ed Campbell of Columbia attended the funeral in Green Ridge of Mrs. Campbell's aunt, Mrs. Emmett Elliot. Mrs. Campbell is the former Catherine Avery.

Mrs. Harold Briggs, who has been at the home of her parents, Mr. and Mrs. R. A. Bennett, for several weeks, has returned to her home at Carbondale, Ill., where Dr. Briggs is a professor in the Southern Illinois State University.

Mrs. W. H. Purchase and Mrs. Myrtle Farley entertained recently with a birthday dinner honoring Mrs. Purchase's grandson, Leland Mentzer, of Cambridge, Idaho. Other guests were Mr. and Mrs. J. L. Purchase and son, J. L., Jr., Mr. and Mrs. Clarence Culp of Warrensburg and Mr. and Mrs. Russell Ulmer of Sedalia.

Mr. and Mrs. George White had as dinner guests Sunday Mr. and Mrs. W. F. Binder and son Quintin, Mr. and Mrs. Lloyd Street and children and Mr. and Mrs. Dennis Binder and baby.

Mrs. Joe Deuster has been quite ill and entered the Windsor clinic at Windsor the first of last week. She is now at the home of her parents, Mr. and Mrs. Rance Ray.

The Rev. J. G. W. Kirschner was called to Gerald Saturday to officiate at the funeral of a friend, James Boston. The Kirschner family formerly resided in Gerald where Rev. Kirschner was pastor of the Boess Presbyterian church.

Mr. and Mrs. Glenn Heck and son, Glenn Edwin, of Kansas City, attended the funeral services of Mrs. Heck's aunt, Mrs. Emmett Elliott, in Kansas City.

Mrs. J. J. Muller and daughter, Angela, have arrived for an extended visit with Mrs. Muller's parents, Mr. and Mrs. R. A. Stark, sister, Miss Rosalee Stark, and brother, Jimmy. Lieut. J. J. Muller is serving overseas.

The Green Ridge American Legion Post sponsored a fish fry the evening of April 19 in the Presbyterian church basement dining hall. All veterans of World Wars I and II were invited and about 50 attended. The dinner was served by women of the church.

Macaroni Fruit Salad
1 tablespoon salt
3 quarts boiling water
6 ounces elbow macaroni
1 1/2 cups cubed pineapple
1 cup diced pears
1 cup Queen Anne cherries
3/4 cup salad dressing
2 tablespoons lemon juice
1 1/2 teaspoons salt
Add tablespoon salt to actively boiling water. Gradually add macaroni and continue boiling until macaroni is tender (about 10 minutes). Drain and rinse macaroni in cold water. While macaroni is cooking, combine pineapple, pears, and cherries. Mix salad dressing, lemon juice and salt. Combine fruit, macaroni, and salad dressing. Chill well. Serve on lettuce leaves.

Advance On Cigarettes

Increase Due To Jump In Cost Of Manufacture

WASHINGTON, April 25—(P)—OPA Wednesday announced an increase in retail price ceilings for multiple-pack, carton and vending machine sales of cigarettes.

The increases, granted because of a jump in manufacturing costs, are:

A half cent a pack on sales of two packs, four, six and so on.

One cent a pack on vending machine sales.

Five cents on a carton of 10 packs.

There will be no increase, OPA said, for single packs.

The half cent multiple pack increase applies wherever cut-rate prices for these sales are in effect. For example, stores now selling popular brands for 14 cents a pack, two for 26 cents, are being allowed to increase the price of two packs to 27 cents.

The 14-cent price for a single pack remains unchanged. In some areas present prices are higher than these examples.

Popular brands covered by this action include Camels, Chester-

In the darkening mid-afternoon of April 25, 1945, a young American second lieutenant crawled halfway across a wrecked bridge over the Elbe river at Torgau, Germany. He was met by a young, fur-capped Russian private. They clasped hands, exchanged greetings: "Tovarich!" "Hello!" Their simple meeting symbolized the historic junction of the Anglo-American and Russian armies. The tired heart of Adolf Hitler's Germany had been cut in two. Disintegration of the defending Nazi forces became apparent everywhere. It was the dawn of victory for Allied arms.

QUIT DOSING CONSTIPATION!

Millions Eat KELLOGG'S ALL-BRAN for Lasting Relief

Harsh laxatives got you feeling down? If yours is the common type of constipation, caused by lack of sufficient bulk in the diet, follow this pleasant way to lasting regularity.

Just eat a serving of crisp, delicious KELLOGG'S ALL-BRAN every day and drink plenty of water! Do this regularly—and if your trouble is due to lack of bulk—you may never have to take another laxative the rest of your life! ALL-BRAN is not a purgative—not a medicine. It's a wholesome, natural laxative food, and—

KELLOGG'S ALL-BRAN is Richer in Nutrition than whole wheat

Because it's made from the vital outer layers of wheat, in which whole-wheat protective food elements are concentrated. One ounce of ALL-BRAN provides more than 1/3 your daily iron need—to help make good, red blood. Calcium and phosphorus—to help build bones and teeth. Vitamins—to help guard against deficiencies. Protein—to help build body tissue essential for growth. Eat ALL-BRAN every day! Made by Kellogg's of Battle Creek and Omaha.

Women Hurt As Car Hits Bus

Mrs. Fred Nuzum and Mrs. Ray Nuzum, of rural route 5, suffered minor injuries when their car struck the back end of a Sedalia Bus company vehicle, which had stopped to load passengers at 2200 East Broadway, about 4:45 o'clock Wednesday afternoon.

Both the bus and the automobile, a 1937 Ford coach, driven by Mrs. Fred Nuzum, were headed west. Mrs. Nuzum told investigating police officers that the sun was in her eyes and she did not notice the bus stopping. Her estimated speed was listed on the police report as 25 miles an hour.

The two women were taken to the Bothwell hospital in McLaughlin's ambulance and Mrs. Fred Nuzum was treated for a laceration of the right knee and Mrs. Ray Nuzum for a cut above her right eye by Dr. John B. Carlisle. They were released to go to their homes.

Driver of the bus was Raymond Ray, 1700 South Montean avenue, police said.

UAW Protests Chrysler Policy

CHICAGO, April 25—(P)—The executive board of the CIO United Auto Workers asserted Wednesday Chrysler Corporation has "arbitrarily" imposed a policy of discharging workers who have reached 65 years of age, and authorized a strike if the company attempts to put the policy into effect.

The board declared that "if the Chrysler Corporation is permitted to impose this policy x x x there is no doubt but that the employer generally in the automobile industry will follow the same course."

Chrysler employs some 65,000 workers in ten plants. In Detroit, Chrysler spokesmen declined to comment on the union action.

A resolution adopted by the executive board in session here called for the use of "full economic sanctions and the weight of the union by authorizing a strike x x x in the event the Chrysler Corporation arbitrarily discharges its employees merely because an employee reaches the age of 65."

A delegation of Detroit Chrysler local union members told the board, in post-convention session, that Chrysler had proposed such dismissals as an efficiency move but that no general policy had been adopted.

Walter P. Reuther, UAW president, said the proposal marked the first time in industry where any major corporation sought "to arbitrarily displace both salaried and hourly paid workers because of their age."

Opposition From Russia Aroused By U. S. And France

Clash At The Opening Of Four Power Peace Treaty Meeting

By JOSEPH DYNAN
PARIS, April 25—(AP)—Official quarters said tonight the United States and France had clashed with Russia on Austrian and German issues this afternoon at the opening of the four-power peace treaty conference of Foreign Ministers.

Proposals made by U. S. Secretary of State James F. Byrnes and French Foreign Minister Georges Bidault that the conference consider a settlement with Austria and internationalization of the Ruhr basin met with stiff opposition from Soviet Foreign Minister V. M. Molotov, these reports said.

The opposition arose as the ministers of these three nations and Britain assembled to map their agenda for the meeting, called at the suggestion of Byrnes to break the deadlock over the drafting of peace treaties with Italy and other vanquished nations.

The ministers reaffirmed the schedule adopted a year ago at Potsdam, placing the Italian treaty at the top of their agenda, followed with the Balkans and with Finland.

Byrnes and Bidault then moved to add the Austrian and Ruhr questions to the agenda for this meeting, but Molotov declared that both these topics were unforeseen developments which needed further study, these informants said.

The Russians were said to have stated they had not sufficient time to examine all phases of both questions.

Urged Treaty With Austria
The United States is reportedly urging a treaty with Austria which would assure her independence and "regularize" her status. France demands internationalization of the coal and steel producing Ruhr basin and detachment of the Rhineland from Germany.

At the end of the initial meeting, which lasted three hours, the ministers failed to reach an agreement, and the question of Austria and the Ruhr were passed over until their meeting tomorrow at 4 p. m. (3 a. m. C.S.T.).

Later in the evening the four-nation secretariat issued an official communique describing the opening ceremonies but omitting any reference to possible disagreements. Rules of procedure were adopted, the bulletin said.

Bidault won the fight for France to sit in, but without a vote, on the discussions of peace treaties. The original schedule adopted at Moscow last December would have restricted French participation to the Italian treaty.

American and British representatives were surprised when Molotov, reversing suddenly a Soviet policy of six months duration, declared the Soviet Union had no objection to French observers attending discussions of treaties with the Balkans and Finland.

Molotov made the statement without offering any comment or elaboration.

Under the ministers' decision the United States will also sit in without a vote on discussions for a peace treaty with Finland, restricted originally to Britain and Russia.

The ministers announced that all members of the Council would attend discussions on all matters before it, with votes limited to those nations which had signed the armistice with the former enemy state involved.

Place To Live Or 'Vote Republican'
TALLAHASSEE, Fla., April 25—(AP)—Classified ad in today's Tallahassee Democrat: "Notice Democrats. Unless I can find a place for my family to live by election time, I will vote Republican, so help me!"

Rev. Knight to First Christian Church of City
The Rev. Edgar L. Knight of Oskaloosa, Ia., who is to be the new pastor of the First Christian church of Sedalia, will preach a sermon at the church Sunday and return June 1 to begin regular duty. He succeeds the Rev. Dewey I. Meranda, now of Denver, Colo.

Rev. and Mrs. Knight and two daughters, both high school students, will reside at Fourth street and Park avenue.

The Oskaloosa First Christian church, from which Rev. Knight resigned as pastor to accept the Sedalia pastorate, is the leading church of that city of 25,000. The minister went to Oskaloosa eight years ago from Kirksville and previously to that held a pastorate at Monroe City.

The Oskaloosa church reports steady growth during Rev. Knight's ministry, now having attained a membership of 1,700. A debt occasioned by construction of an education building was eliminated and buildings have been repaired and redecorated.

Interested In Scouts
Active in civic affairs of Oskaloosa, Rev. Knight was district Boy Scouts commissioner, president of the Mahaska County Infants Paralysis association, was one of the founders of the Community Cooperative Concert association, general chairman of the Youth center and a leader in Oskaloosa Kiwanis club action.

Churches of Oskaloosa honored him with the presidency of the Oskaloosa Ministerial association and the Oskaloosa Council of Co-operating churches. He is president of the Iowa State Student Center Foundation and a member of the National Board of Higher Education.

Spare Stamp 49 for Sugar
WASHINGTON, April 25—(AP)—Spare stamp 49 in family ration books will become valid May 1 for five pounds of sugar.

Announcing this today, OPA said the new coupon will expire August 31. Sugar stamp 39, the last specifically labeled "sugar" will expire April 30.

OPA said that on the basis of latest surveys it expects the present sugar ration of five pounds every four months can be maintained. In that case, another sugar stamp will be valid September 1.

Wac Falls From Sedalia Victory and Is Lost
NEW YORK, April 25—(AP)—An enlisted WAC fell from the New York bound troop transport Sedalia Victory last night 36 miles off Montauk Point and is presumed to be lost, the army said today.

Name of the WAC was withheld by the army pending notification of next of kin.

Truckers Sue For Three Million
WASHINGTON, April 25—(AP)—Three Kansas City trucking firms filed suits in the U. S. court of claim today asking nearly \$3,000,000 damages from the government for seizure of their properties during the war.

William M. Boyle, Jr., Washington attorney, said the plaintiffs are the Byers Transportation Company, Inc., asking \$872,044.73 damages; Wheelock Brothers, Inc., asking \$997,218; and Knaus Truck Lines, Inc., asking \$917,402.40.

The three lines and 100 other were seized under executive order August 11, 1944 by the Office of Defense Transportation following a labor dispute between the operators and the AFL teamsters, chauffeurs and warehouse workers union. The Knaus line was operated by the government until June 8, 1945, the Wheelock line until July 23, 1945, and the Byers line until August 23, 1945.

The suits are based on the War Labor Disputes Act and the fifth amendment to the U. S. constitution providing for just compensation for private property taken under the power of eminent domain.

Daylight Saving Time Starts Sunday--In Some Places
By the Associated Press
To use a Shakespearean phrase, "The time is out of joint"—or will be, come 2 a. m. next Sunday.

For at that "witching hour" time pieces in six states and many points in 18 others will be pushed forward one hour to start post-war daylight saving time.

But 24 other states and the District of Columbia, in a different frame of mind, will remain on standard time.

Daylight saving time was replaced by war time during the war, when clocks throughout the nation were set one hour ahead of standard time. That time system ended last September, after three years and eight months.

The states which will have daylight saving time on a statewide basis are: New Jersey, Massachusetts, New Hampshire, Rhode

Stand Against Investigating Franco-Spain

UN Security Council Stalled By Soviets

By FRANCIS W. CARPENTER
NEW YORK, April 25—(AP)—A blunt Russian stand against any investigation of Franco Spain by a United Nations Security Council commission stalled the Council today and caused a 3½-hour confused debate which ended without a decision.

The Council adjourned at 6:35 p. m. until 11 a. m. E.S.T. tomorrow after arguing in vain over a rapid succession of resolutions and amendments which had Council members thoroughly bewildered at times.

Andrei A. Gromyko, the Russian delegate, summed up a long speech in Russian early in the session with the declaration that evidence already put before the Council left "no doubt that the Fascist regime of Franco, as it exists at present in Spain, is indeed a serious danger for international peace and security."

"In view of this fact," he said "it is not necessary to set up any kind of commission or committee to study this question."

"In the presence of an abundance of facts and evidence which confirm the accusations against the Fascist regime made by the Polish delegate, the formation of a committee could only have a negative effect both on world public opinion and upon the democratic forces of Spain itself," Gromyko said.

He remained unshaken in his stand against a proposal by the Australian delegate, Lt.-Col. W. R. Hodgson, for a commission to inquire into the affairs of the Madrid government despite a direct appeal by Sir Alexander Cadogan, British delegate.

"I appeal to my Soviet colleague not to oppose that entirely," Cadogan said.

Gromyko thus stood opposed to six of the 11-member Council, taking a position against the United States, Australia, Britain, the Netherlands, Mexico and Brazil. The Chinese and Egyptian delegates did not enter into the discussion today.

Poland, whose delegate, Dr. Oscar Lange, precipitated the Spanish controversy by offering a resolution demanding a complete diplomatic bread with Franco Spain by the United Nations, added to the confusion late in the session by offering a resolution which would appoint a sub-committee of five members to study the basis for a unanimous decision by the Council and to draft a resolution containing recommendations for "practical steps to be taken."

The French delegate, Henri Bonnet, sided with Lange.

The session ended with Hodgson shaking his finger at the other delegates in a vain effort to find some agreement on the issue and calling for a vote.

May Further Cut Bread

Anderson Asks Stringency To Conserve Wheat

By OVID A. MARTIN
WASHINGTON, April 25—(AP)—A new and drastic cut in bread for the family table or in essential wheat reserves appeared tonight to offer the only means of fulfilling United States promises of grain to hungry foreign areas.

This prospect was raised by a gloomy agriculture department report that stocks of wheat in this country on April 1 amounted to only 338,644,000 bushels—60 per cent of those on hand a year earlier.

This would be at least 17,000,000 bushels and possibly as much as 46,000,000 or more bushels under the estimated amount needed before the new harvest comes in.

Calling for still more stringent measures to conserve wheat, Secretary of Agriculture Anderson said the report showed that this country is in "a very serious situation in regard to total supplies."

In a statement telegraphed to the agriculture department from Fargo, N. D., where he went to open a drive to buy foreign relief wheat from farmers, Anderson said the further conservation must come from feeding less wheat to livestock and use of less wheat as food. He did not say whether the government would take further formal steps to bring about the reductions.

"Tighten Belts"
In commenting on the wheat stock report, the secretary said there is "no cause at all for optimism."

"At the same time, there is no cause for dismay. We cannot afford to be dismayed. We must tighten our belts and fight all the harder to reach our export goals."

Coincident with the wheat report, the department announced that shipments of wheat to famine-threatened countries between Jan. 1 and April 20 were 512,000 tons, or 19,200,000 bushels short of the goal for that period. Exports during that time amounted to 118,312,000 bushels against a goal of 137,512,000 bushels.

The report on exports said "it is almost certain" that the government will not be able to meet an April commitment of 41,250,000 bushels.

Reduction In Britain
LONDON April 25—(AP)—Britain tonight ordered smaller loaves of bread and less beer as an "additional contribution" to aid countries most needing food.

Prime Minister Attlee's office said use of flour for bread would be reduced by 12½ percent and use of barley for beer brewing by 15 percent.

The new economies will give the British housewife a loaf of 13½ pounds instead of the standard two pounds.

Repudiates A Confession
ST. LOUIS, April 25—(AP)—Special Officer William O'Connell said tonight a 30-year-old laborer had asked for a lie detector test and repudiated an earlier statement in which O'Connell said, he admitted the Thanksgiving night rape slaying of 9-year-old Shirley Jean Coxey.

Claiborne L. Richardson was quoted by the officer as saying he signed the statement to halt further questioning and because he was told his fingerprints were on the girl's purse when it was found with her partly-frozen body in an alley.

In the statement, O'Connell said, Richardson related how he met the child in a back yard near her home and after assaulting her carried her body in his arms for 22 blocks, crossing a brightly-lighted boulevard, before he tied and left it in the alley in sub-freezing weather.

Richardson was arrested last Monday on a warrant charging attempted assault on his brother-in-law's two daughters, 10 and 12.

O'Connell said Richardson "slipped up" in questioning on the Coxey case when he referred to a "shortcut" through an alleyway near the girl's home about which police were unaware.

Tiedt Case To The Jury Today
ST. JOSEPH, Mo., April 25—(AP)—The defense completed its testimony late today in the trial of Charles H. Tiedt, charged with the shotgun slaying of Chief Petty Officer Fred Matchett, and the case will go to jury about noon tomorrow.

Judge Maurice Hoffman said he would instruct the jury to return a verdict of guilty of first degree murder or a verdict of guilty of second degree murder or a verdict of innocent on the grounds of self defense.

The defendant was the sole defense witness. He testified for two hours today telling the jury that fear of the Matchett family caused him to turn a shotgun on them.

CPO Matchett was visiting his brother Delbert Matchett and his sister-in-law last November when all three were cut down by shotgun slugs on the porch of their home.

Island, Vermont and Connecticut States Decide Themselves
States which will allow communities to make their own decision on the subject include Missouri and Illinois.

Kansas, Oklahoma and Arkansas are among states that will not observe the time change.

Daylight saving time—the brain child of a Briton—received its greatest impetus during the first World war by putting people to bed and getting them up an hour earlier to save power, light and fuel.

Radio networks, airlines and railroads, which must figure time on a nationwide basis in planning schedules, have arranged to cope with the differences.

The networks said they would try to record and rebroadcast where a change would affect regular program times.

School Is Closed Due To Picketing
PHAROAH, Okla., April 25—(AP)—The Pharoah school board closed the Spring Hill high school indefinitely today after students refused for the third day to return to classes and continued picketing the school grounds in protest over the board's failure to renew the contract of Superintendent Verlin R. Abel.

Hershel Crow, a member of the school board, said no plans had been made for graduating and promoting students although the end of the term was only two weeks away.

He said he didn't know what would happen but the decision to close the school came to prevent "things from getting rough."

Dismiss Charge On R.W. Chambers
Robert W. Chambers, 23, of Sedalia, arrested recently in connection with alleged forgeries of checks passed at Boonville, was dismissed Wednesday by Justice of the Peace P. M. Floyd there at a preliminary hearing.

The case of Loyal George Woods, 17, also of this city, who was charged in the same case, was continued until May 8 by Judge Floyd.

Six British Soldiers And Police Killed
JERUSALEM, April 25—(AP)—Six British soldiers and police were killed and 13 Britons and Jews were wounded tonight, private sources said, when an armed group attacked a camp of British royal engineers and a car parking area in the southern part of Tel Aviv. No official report was issued immediately.

The attacking group was believed to be composed of Jews, the informants said. However, it was not immediately clear whether the wounded Jews, including one woman, had participated in the fighting or were passersby.

President At Stone Service
High Officials And Many Of Humble At Rites
QUANTICO, Va., April 25—(AP)—President Truman returned to this Marine Corps base late today to resume a rest cruise on the Potomac after attending the funeral of Chief Justice Stone in Washington.

The President and his party went immediately aboard his yacht, the U. S. S. Williamsburg, anchored 200 yards off the base. Mr. Truman plans to remain anchored near here tonight. The Williamsburg will move out sometime tomorrow.

It was understood that the President will confer here tonight with Gen. Dwight D. Eisenhower preparatory to the latter's departure on an inspection of Pacific bases.

Final Honor To Jurist
By DOUGLAS B. CORNELL
WASHINGTON, April 25—(AP)—In the presence of a solemn President, brief, simple funeral services were held today for Chief Justice Harlan Fiske Stone.

Within vaulted Washington cathedral, at the crest of the capital's highest hill, many of the great of government and hundreds of humble people offered final honor to the eminent jurist who died Monday of a cerebral hemorrhage.

In formal, black afternoon attire, a silk hat resting on his lap, President Truman sat in a front row with his family. He had interrupted a vacation cruise to return to Washington for the services.

Behind him sat Charles Evans Hughes, the man Stone succeeded as chief justice in 1940. Farther back were current members of the court, members of congress and the cabinet, and men in uniform.

To one side were representatives of the diplomatic corps. Just across the aisle from Mr. Truman were the justice's heavily-veiled widow and two sons, Dr. Marshall H. Stone of Cambridge, Mass. and Col. Lauson Stone of New York.

Services Brief
In accordance with Justice Stone's wishes, the services were short, dignified and devoid of eulogies. There were familiar hymns—"O God, Our Help In Ages Past," and "The Strife Is O'er, The Battle Done." A male choir, in white and purple, sang the 23rd Psalm. There were scriptural passages and prayers from the regular Episcopalian order for the burial of the dead.

There was only one personal touch, one mention of Justice Stone's name. An old friend, the Reverend Fleming James, dean of the Theological Seminary at the University of the South, Swanee, Tenn., inserted this tribute into a prayer:

"Not as a great public officer do we remember him now, but as a friend; understanding, companionable, kind, true, humble, simple of heart, courageous, one to whom we looked for clear direction in perplexity, one who never failed us when we needed him."

Throughout the services, the casket rested in the center of the still unfinished cathedral. It lay beneath a purple velvet pall with a cross of gold. The lectern and pulpit to either side were artfully hidden by flowers.

Supreme court guards were the pallbearers, and members of the court the honorary pallbearers.

Rain streamed down outside throughout the final rites, which closed with a prayer for the supreme court.

The services at the cathedral were open to the public. Burial services later at Rock Creek cemetery were private. Even the President did not attend those.

Wreck Toll By A Crash In Rear Of Flyer May Reach 50

Some Want Time Change, Others do not

Some Opposed Express Opinions in No Uncertain Terms
Daylight savings. Some want it, some don't. At any rate the newspaper poll being conducted through the ballot in the newspaper is giving an excellent cross-section of opinion of what the public thinks. Certainly Sedalia isn't a city of one-minded thinking people, this being brought out by the counting of 280 ballots already in.

Up to noon Thursday the voting on daylight saving time has been fairly well spirited. Favoring the proposal are 147 persons, while the number against it is 133.

Apparently those opposing the project are more serious about the moving of the hands of our clocks back one hour than those who favor it. Already one letter has been received to be printed in "Sports Scraps," it having been directed to that Sunday column; another is a letter:

"To Whom It May Concern," and a ballot marked definitely NO.

Against Proposition
A ballot in an envelope addressed to "Department for Changing Time of Rising and Setting of the Sun and Revising Laws of Nature, Sedalia Democrat, Sedalia, Mo.," has written on it: "The craziest and most meaningless craze ever put out and no polite language for stirring it up. More sensible a 'put out ballot.' Whether in favor of God changing time of Universe."

"No" on the ballot in several places indicates the opinion of the writer.

One letter is as follows: "Sweet Springs, Mo., April 24, 1946.

"To Whom It May Concern: According to the paper, many Sedalians favor daylight saving time as you may call it.

Asked to Save Everything
The farmer has been asked to save everything—paper, grease, fats and food. Also the farmer is asked to feed the world. If it wasn't for the farmer you Sedalians could go out of business. With daylight saving the farmer can break down machinery the middle of the afternoon, repair places are all closed. He can be down until morning. A good way to feed the world.

"The farmer's hours are from daylight until dark. Seems like if you Sedalians want an extra hour, please take it in winter, when farmers don't need to come to Sedalia for as many needed things.

"The farmers work their gardens after six o'clock.

"I would suggest if the Sedalians are dissatisfied with the hours, go out on the farm, the water is fine.

"Yours very truly,
"A Pettis County Farmer."

Two Youths Die In Plane Crash
CYRIL, Okla., April 25—(AP)—Two Dallas, Tex., youths were killed today when their airplane crashed in a takeoff 2½ miles north of here.

Trooper Wesley Miller of the Oklahoma highway patrol said James Richard Potter, 23, and Howard Gene Potter, 22, unrelated died when their BT-13 crashed on a farm where they were operating an oil well drilling rig.

Miller said the plane dived into the earth and caught fire as the Potter youths were taking off to go to Dallas for supplies. They were financed in the drilling venture by Howard's father, Tom Potter, (5125 Swiss Ave.) Dallas.

Train Following On Burlington Plowed Into It At Naperville, Ill.
NAPERVILLE, Ill., April 25—(AP)—The Burlington railroad's Exposition Flyer plowed into the rear of the road's Advance Flyer at a speed in excess of 60 miles an hour today, killing at least 40—and perhaps more than 50 persons—and injuring about 125.

The Red Cross, which hurriedly set up a disaster relief headquarters here, estimated that 50 persons were killed and 125 injured.

A check of dead in Naperville mortuary establishments and in hospitals placed the known dead at 40. At least 78 injured were taken to hospitals in Aurora.

Ambulance drivers at the scene said, however, they believed that from 10 to 15 bodies were caught under the locomotive and that the death toll would be about 50 when all victims were removed.

The accident, worst in the railroad's history, occurred when the Advance Flyer, bound for Omaha and Lincoln, Neb., made an unscheduled stop at this Chicago suburb, the railroad reported. Apparently when trouble developed in the undercarriage of the train, the Diesel-powered Exposition Flyer, bound for San Francisco, rammed into the rear of the Advance Flyer one block from the Naperville station, in view of scores of persons.

The two west bound trains left Chicago at 12:35 p. m. (CST).

Claim Warning Flashed
They rolled side by side for several miles leaving the city and then switched to the same track, with the Advance Flyer in the lead.

The lead train pulled to a stop at the end of a "wide vision" curve 30 miles west of Chicago. Automatic block signals, railroad officials said in Chicago, flashed a warning two miles before the point of collision.

At the same time, James Tangney of Aurora, Ill., flagman on the Advance Flyer, dropped to the ground, telling passengers in the rear coach, "I'm going to stop that train behind us."

Before he had taken a dozen steps, the Exposition Flyer shot into view. Then, with a screaming of brakes and sparks flying from its wheels, the Exposition Flyer rammed into the all metal rear coach of the train ahead.

Coach Split Asunder
The impact sent the Diesel engine through three quarters of the length of the coach, squeezing the bodies of some of the victims from the windows and out through the sides of the coach. The sides of the metal coach were split asunder and rolled back like cardboard.

Remains of the twisted coach were telescoped into the next car, splitting it for half its length.

The crash came so quickly there was no panic among the passengers. There was a loud crash, silence; then the moans and screams of the injured.

Within minutes, uninjured crew members of both trains were pulling the dead and injured from the coaches. Within 15 minutes firemen, policemen and ambulances from more than a half dozen nearby communities and students from Naperville high school and North Central college were on the scene aiding in the relief work.

Remove Dead And Injured
Relief workers quickly removed the bodies of dead and injured from the car, piling them along the right of way between the coach and a fence paralleling the line. All available doctors, nurses and ambulances were summoned.

The Red Cross sent eleven ambulances, first aid crews and relief equipment.

Train crews and firemen worked for more than three hours with acetylene torches and axes cutting their way into last two cars of the Advance Flyer. Many of the victims, dead and injured alike, were pinned in the wreckage.

Sextette From Christian College Sings
At Kiwanis Club; Miss Roberts of Sedalia Sings Solo
Sedalia Kiwanians enjoyed an entertaining musical program given by a double sextette and the senior quartet from Christian College, Columbia, at the club's weekly meeting in Bothwell Hotel Thursday noon.

Miss Barbara Roberts, daughter of Kiwanian and Mrs. Howard Roberts, a member of the sextette, sang two solos.

The singers were under supervision of Miss Geneva Young, director.

Ralph homas presided as program chairman.

New members of the club included were C. R. Roose, general manager of Connor-Wagoner's, and Tom C. Kennan, manager of the Metropolitan Life Insurance Company. The induction was conducted by Ray Jiedel, the Rev. H. U. Campbell, the Rev. W. C. Bessmer and L. J. Harned.

To Sponsor Boys' State
Upon suggestion of L. F. Satorious the club voted unanimously to sponsor a representative to Boys' State in Fulton in June.

The Rev. A. J. Brunschwick, president, announced there would be a meeting of the board of directors and committee chairmen at Bothwell Hotel Friday noon to hear the monthly reports of committee chairmen.

Guests were: T. R. Snow, with Dr. J. W. Maunders, and Miss Helen Reifel, field representative and R. A. Miller, business manager of Christian College, with Howard Roberts.

Fire Companies In Run
The fire companies made a run to the residence of B. C. Halley, 1002 West Broadway, at 8:52 p. m. Thursday. Damage of about \$15 resulted from the "sticking" of the motor of a stoker.

We Need A Junior College Equal to A Small Factory
Editor's Note: This is No. 5 of a series of articles submitted in explanation of the purpose and needs of an \$800,000 school bond issue to be voted upon in Sedalia District May 7.)

"Smith-Cotton high school graduates approximately 200 students each year. Many of these graduates attend college for one or more years. These graduates spend at least \$750.00—and possibly more—each year away from home.

"If we could operate a junior college, we could probably have an enrollment of 150 to 200—after the first year. This would mean that we could keep—AT HOME—somewhere between \$100,000 and \$150,000 each year—which would be spent—ordinarily—away from home.

"This would be the financial equivalent to a new factory—with a payroll of at least \$100,000 per year.

"The junior college would be operated on a tuition basis of \$90.00 per year—plus incidental and laboratory fees which not exceed \$10.00. This would make the college self supporting—not including the cost of physical facilities.

"There are many arguments in favor of a local junior college.

"In the first place, it would keep children at home one or two years longer. Many high school graduates are entirely too young to send away from home the following September and many of them fail to "make the grade" primarily because they have not reached the age where parental influence and control should be discontinued. And, in addition to that, the companionship of the child with father and mother is lost—two years before there is really a need for separation.

"Another advantage of a junior college is the financial saving to parents who send their children away to school.

"And above all, a junior college would enable many boys and girls to receive two years of additional training which otherwise be denied them on account of circumstances over which they have no control.

"And the time is not far distant when fourteen years of training will be considered just as essential as twelve years is today.

"Moberly, Trenton, Jefferson City, Flat River, Monett, Joplin, St. Joseph—these and other Missouri cities have operated junior colleges for years.

The lead train pulled to a stop at the end of a "wide vision" curve 30 miles west of Chicago. Automatic block signals, railroad officials said in Chicago, flashed a warning two miles before the point of collision.

At the same time, James Tangney of Aurora, Ill., flagman on the Advance Flyer, dropped to the ground, telling passengers in the rear coach, "I'm going to stop that train behind us."

Before he had taken a dozen steps, the Exposition Flyer shot into view. Then, with a screaming of brakes and sparks flying from its wheels, the Exposition Flyer rammed into the all metal rear coach of the train ahead.

Coach Split Asunder
The impact sent the Diesel engine through three quarters of the length of the coach, squeezing the bodies of some of the victims from the windows and out through the sides of the coach. The sides of the metal coach were split asunder and rolled back like cardboard.

Remains of the twisted coach were telescoped into the next car, splitting it for half its length.

The crash came so quickly there was no panic among the passengers. There was a loud crash, silence; then the moans and screams of the injured.

Within minutes, uninjured crew members of both trains were pulling the dead and injured from the coaches. Within 15 minutes firemen, policemen and ambulances from more than a half dozen nearby communities and students from Naperville high school and North Central college were on the scene aiding in the relief work.

Remove Dead And Injured
Relief workers quickly removed the bodies of dead and injured

Fifteen Years In Prison For H. Bryant, Jr.

Found Guilty Of Shooting Joe Alpert

Harvey Bryant, Jr., charged with assault with intent to kill, was found guilty by a criminal court jury, Saturday, which also assessed his punishment at 15 years. Bryant Jr., was charged in connection with the shooting of Joe Alpert, ex-serviceman, at the Jockey Club, early the morning of February 10.

Harvey Bryant, Jr.

Alpert was shot, following a fight with Corporal Harold Dean Bryant, who was home on furlough from Ft. Leavenworth, Kansas. According to the information in the case Harvey took up the fight, when someone said it "wasn't a fair fight," and went to Alpert and asked him about it. It was then said that Bryant pulled a .22 caliber pistol, shot Alpert in the abdomen, and fired two more shots into the ground to scatter the people around them.

In a statement to police Bryant admitted taking the gun and shooting Alpert, this being shortly after his arrest.

Alpert A Witness

During the trial, Alpert, who had recovered from the wound, was a witness, as were several other persons who were at the scene at the time. No mention was made of Bryant's jail break, nor his attempt to break away from Sheriff Ed. Goetz the day he was arranged. Prosecuting Attorney L. J. Harned said Saturday the cases pending against Bryant would probably be set at the next term of criminal court. However, he said, nothing has been said to either Bryant nor his attorney G. W. Anson as yet regarding these other trials.

The jury which found Bryant guilty and assessed his punishment at 15 years was composed of J. F. Rittman, foreman, Fred Knehan, Erwin Shirley, H. W. Brandt, J. E. Pittman, Leo Coffey, Lester Skillman, Fred Schlesman, E. A. Ficken, S. J. Arnett, Jim Harvey, and George Fichter.

Two Hurt When Car Overturns

Two persons were injured early Saturday morning, when their Oldsmobile automobile missed a curve east of the Lamine river bridge on highway 50, east of Ottaville. Jerry L. McWhirter, U. S. Marines, driver of the automobile is considered in a serious condition, and his companion Miss Mildred Talley, received bruises and slight lacerations.

McWhirter, son of Mr. and Mrs. G. G. McWhirter, 4143 Warwick, and Miss Talley, 4228 Locust street, Kansas City, were brought to Sedalia by a passing truck driver in his truck. They were taken to the Bothwell hospital where emergency treatment was given by Dr. E. C. Snively.

McWhirter was taken to the Sedalia Army Air Field base hospital early Saturday morning, and Saturday afternoon was flown in a C-47 transport plane to Springfield, Mo., where he was admitted to the O'Reilly General hospital. He received a severe neck injury, and bruises.

Miss Talley was dismissed from the Bothwell Saturday afternoon to return to her home in Kansas City.

Fifty Attend Rebekah Meet

Preceding the business session of Loyal Rebekah Lodge No. 260 Friday evening at Knights of Pythias hall, 114 East Fifth street, a contributive dinner and social hour was enjoyed by 50 persons.

New drapes and other furnishings have landed an attractive appearance to the hall.

The former Sedalia Lodge No. 125 attended the dinner and was formally received as a part of Lodge No. 260.

The Sewing club will meet Wednesday at the hall for an all-day session. A covered dish luncheon will be served.

Pettis County Third Class

Pettis County, as classified under the new Missouri constitution, is a third class county, having a population of 33,336 in 1940, and an assessed valuation in 1944, of \$39,604,468.

A copy of the classification of counties, as compiled by the General Assembly, was brought to the Democrat-Capitol office Saturday by Harvey D. Dow, the county's representative in Jefferson City.

Race Was Lost With The Stork

A race was lost with the stork early Saturday morning by Mr. and Mrs. Clayton Hoover, of Route 1, Green Ridge, in their futile effort to get Mrs. Hoover to the Bothwell hospital in time for the blessed event.

Accompanied by Mr. Hoover's sister, Mrs. Gerald Smith, Mr. and Mrs. Hoover left their home about 6:30 o'clock Saturday morning for the Bothwell hospital but a few minutes later something had to be done quickly. They saw the home of Mr. and Mrs. Earl Johnson, Route 3, Sedalia, and went in. Total strangers to Mr. and Mrs. Johnson, who have lived on Route 3, only a short time, they were received with a rather surprised but warm welcome. Mr. Hoover took his wife into the Johnson home while Mrs. Smith went for the doctor. At 2 minutes to 7 a son was born to Mr. and Mrs. Hoover. The third son in the family, they have two others, Larry, 3 years old and Rickey, twenty-two months.

An hour and a half later the doctor arrived and Mrs. Hoover was then taken to the hospital in an ambulance.

Hopewell Club Meets At Newland Home

Hopewell Homemakers club met April 18 at the home of Mrs. John Newland where, at noon, a covered dish luncheon was served.

The day was spent in quilting a quilt for the hostess.

Mrs. Junior Hammond presided over the business session which was opened with repetition of the club collect. Twelve members answered roll call by relating something they had seen on the way to the club meeting. Following the health letter read by Mrs. H. H. Nutt, the news letter was read by Mrs. Robert Holman and Mrs. Albert Anderson. Mrs. Tom Norris gave a book review.

Demonstrate Mending

Various methods of mending and patching were demonstrated by Mrs. Lewis Hammond, who also gave a council meeting report.

An egg and wiener roast to be held at the home of Mrs. Allen Payne was planned.

G. Tom Ireland Has Retired On Pension

Employed On Newspapers Since Year 1882

G. Tom Ireland, 1001 North Osage avenue, who has been employed in newspaper and printing offices in Sedalia since 1882, and for 25 years a custodian at the Sedalia Democrat-Capitol office, has been retired by the company on pension.

Although he is 80 years of age "Tom" as he is better known, is active and able to do considerable work. His purpose in retiring is to devote his entire time to carrying for his invalid wife.

They are parents of two sons, both of whom were in military service. One son, Tom, Jr., is now in business in Los Angeles, the other is following in the footsteps of his father and is employed at the Democrat-Capitol office.

Unusual Record

Starting as a janitor in a newspaper plant and entering his 62nd year holding a like situation Tom Ireland, holds a record for almost continuous employment that probably has no equal in the history of newspaperdom.

Tom entered the employ of the Sedalia Bazaar, 62 years ago, as a janitor. By close application he learned how to run presses. He served several years in the press room of the Bazaar. When the Bazaar quit he went to work in the press room for the old Sedalia Democrat owned by John D. Russell, who was then Postmaster of Sedalia. The Democrat was then published in the Dempsey building which was located where the St. Louis Clothing Company is now. Tom later joined the forces of the Sedalia Gazette published by A. C. Baldwin and later by Hank Rice, who in the days when Sedalians sought to have the Capital of Missouri moved to Sedalia established the Sedalia Capital which was published on Fifth street in the K. of P. building. He worked in press rooms of the Sedalia Enterprise, published by Van B. Kisker, the Sedalia Sentinel and the Sedalia Capital coming to the Democrat and Capital in 1925.

Tom is 80 years old and except for two years employed as a janitor at the court house has been employed in newspaper plants since he was 18 years old—62 years.

Nationwide Railroad Strike Called

CLEVELAND, April 25—(P)—A nationwide railroad strike to start May 18 was ordered today by officials of two large rail brotherhoods, the Trainmen and Locomotive Engineers.

General chairman of the two brotherhoods reached the strike decision after a two-day conference in which they rejected recommendations made by a fact-finding board in the brotherhoods' dispute with carriers over wages and working rules changes.

In view of today's action, government seizure of railroads was the only way to prevent suspension of rail operations after the May 18 deadline.

Walkout Approved

Chairmen approved the walkout by acclamation after President A. F. Whitney of the Brotherhood of Railroad Trainmen told the conference:

"Now is the psychological time to press down on these railroads and get our rule changes through."

"If the government calls us to Washington, we'll go, but the strike order won't be called off until a satisfactory settlement is reached."

Alvaney Johnston, grand chief engineer of the Brotherhood of Locomotive Engineers, likewise told the conference the strike would continue "until a satisfactory settlement was reached."

Representatives of the two brotherhoods meet with the carriers Monday at Chicago to attempt to negotiate differences.

Wreck Toll By A Crash In Rear Of Flyer May Be 50

(Continued From Page One)

Some of the victims, caught under the locomotive, could not be removed until the telescoped coach and Diesel were pulled apart. Trainmen expressed belief other victims were caught under the locomotive.

Shore Patrol To Scene

Navy shore patrol personnel and navy and army doctors were dispatched to the scene to care for victims among the military forces.

The accident took a toll of dead and injured of between one third and one half of the number of passengers on both trains. The Burlington estimated the Advance Flyer carried between 175 and 200 passengers in its nine cars and the Exposition Flyer from 150 to 200.

Edward Flynn, executive vice president of the railroad, said a check of the signal system showed it was in perfect operation for normal safe operation of trains and that the engineer of the second train had a warning to stop for two miles in advance of the point of collision.

Flynn said the collision occurred on a clear section of track approximately 1,100 feet west of a "wide vision" curve. At the curve, he said, was a red block signal warning oncoming trains to stop. Another 6,684 feet east of the red signal was a yellow caution board.

The engineer of an oncoming train, Flynn stated, would have a clear vision of the caution board three-quarters of a mile away from it.

"Going Down the Valley," Mrs. Mae Moser was the accompanist. Burial was in Union cemetery.

Mrs. Hattie M. Swan

Mrs. Hattie M. Swan, 79, widow of the Rev. John W. Swan, died at 9:45 o'clock Thursday night at her home, 504 East Tenth street, after a month's illness.

She was born on November 15, 1866, in Easton Corners, Ontario, Canada, a daughter of Robert and Eliza McKin.

Hattie M. McKin and John W. Swan were married at Table Rock, Neb., in 1899 and seven children were born to this union, six of whom survive. They are Ralph E. and Harold W. Swan of Kearney, Neb.; Mrs. A. V. Lewis, Hunters, Wash.; Mrs. Hattie Menke, Westwood, Calif.; Richard E. Swan, Oelwein, Iowa, and Miss Elsie Swan of the home. She also is survived by a step-daughter, Mrs. Zola Lunbeck of Kansas City; a sister, Mrs. Elizabeth Mead of Nampa, Idaho, and a brother, Herbert McKin of Smith Center, Kas.

Mr. Swan died on March 30, 1935.

Mrs. Swan was a member of the First Methodist church, where her daughter, Miss Swan, is leader of the Swan circle.

The body was taken to McLaughlin's chapel. Arrangements for funeral services are incomplete.

Mrs. Margaret Schreck

Mrs. Margaret Schreck, 72, widow of John A. Schreck, of 1302 East Fifth street, died at 7:35 o'clock Thursday night at the Bothwell hospital where she had been a patient since April 17. She had been in failing health for several months.

Mr. Schreck died on December 8, 1945, from injuries suffered when he was struck by a motorcycle on West Main street.

Mrs. Schreck is survived by two sons, Otto Schreck of the home, and Glenn Schreck of Detroit, Mich.

The body is at McLaughlin's chapel. Funeral arrangements have not been completed.

Testifies Against Goering

Former German Secret Police Declares he Engineered Deals

By Noland Norgaard

NUERNBERG, April 25—

(P)—A former German secret police official declared flatly today that Herman Goering engineered frame-ups in 1938 which resulted in the dismissal of both the Reich war minister and the army's chief of staff—"The decisive last steps before the outbreak of war."

Hans Bernd Gisevius, one-time Gestapo officer, testified before the international military tribunal that Goering had compelled a common criminal to identify Col. Gen. Werner von Fritsch, the army's chief of staff, as the perpetrator of an atrocious homosexual attack.

The dramatic denunciation of Von Fritsch, whom the German moderates had regarded as the man to overthrow the Nazis was made in Adolf Hitler's presence, the tall, bespectacled witness asserted, nine days after Goering's own agents had established that the actual culprit in the case was one Capt. von Fritsch.

Knew of Love Affair

Gisevius, who testified yesterday that he plotted against the Nazis for 10 years while serving in various police jobs, declared that Goering knew in advance that elderly Field Marshal Werner von Blomberg, the war minister, had fallen in love with a 28-year-old carpenter's daughter, but withheld the information until after the fuhrer had been induced to attend the wedding.

After the wedding, Gisevius said, Goering gave Hitler police files showing that von Blomberg's bride "had been a prostitute registered in seven large German cities. She was in the Berlin rogue's gallery for I myself have seen the pictures and fingerprints and she had been punished for distributing pornographic pictures."

Upon scanning the files, the witness continued, Hitler "suffered a nervous breakdown and decided to dismiss Von Blomberg immediately."

Gisevius said the Berlin police court president, Count Graf Helldorf, was reluctant to turn over the files on the woman to Heinrich Himmler, because he realized "it would put the armed forces in an impossible position and Himmler could use it to finish off Blomberg."

Files to Keitel

Helldorf first took the files to Field Marshal Wilhelm Keitel, who succeeded Von Blomberg and who was remotely related to him, and Keitel insisted that he "cover up the entire scandal," Gisevius declared. Then, he went on, Keitel asked that the files be sent to Goering.

Goering heard the testimony with his face drawn in hard, grim lines. Keitel smiled and slightly shook his head in the negative when his name was mentioned.

Gisevius said Hitler first intended to name Von Fritsch as Von Blomberg's successor in the war ministry, "but Goering and Himmler reminded him that was impossible because Von Fritsch was badly incriminated" in the homosexuality charges.

He testified that Hitler was indignant in 1935 when shown Gestapo files purporting to link Von Fritsch with the homosexuality charges, and ordered the files burned. Nevertheless, the witness continued, Goering and Himmler held on to them and in 1938 Goering offered to produce a prison inmate who three years before had told the Gestapo of offenses by a man named Fritsch or Fritsch.

Threatened Convict

He declared that Goering first took this convict to Karinhall, Goering's home and "threatened to have him killed unless he repeated the statement before Hitler."

"Von Fritsch was asked to the reichschancellery on Jan. 24, 1938, and told by Hitler of the accusation," Gisevius said. "He indignantly denied them. Then in a dramatic moment, Goering opened the door and the prisoner came into the room and pointed at Von Fritsch and said: 'That is he.'"

Gisevius said the Gestapo knew as early as Jan. 15 that year that Von Fritsch really was innocent. He said Hjalmar Schacht, one of the defendants here, and other "decent Germans" believed the time for the overthrow of the Nazis had arrived when Hitler appointed Col. Gen. Walter von Brauchitsch to succeed Von Fritsch.

A group of plotters, the witness testified, went to the new chief of staff and to Grand Admiral Erich Raeder and others urging that "now was the time for the generals to get rid of this reign of terror." He said Von Brauchitsch agreed but decided against acting

E. L. Ellsworth Smith-Cotton's PTA President

Mrs. Carl Urban, Retiring President, Given Corsage

Emery L. Ellsworth was elected president of Smith-Cotton Parent-Teacher Association at the association's largest attended meeting of the school year Tuesday night at 8:00 o'clock in the high school auditorium.

Succeeding Mrs. Carl Urban, president of the PTA the past two years and an active member for five years, Ellsworth was elected after the approval of a report by the nominating committee. Other officers elected are: Leo Eickhoff, vice president; Roscoe Ryckman, secretary; Mrs. Cecil Glenn, treasurer. In behalf of the association, Mr. Ellsworth presented Mrs. Urban with a corsage in appreciation of her work.

Corsage To Miss Urban

Miss Mary Louise Angle was in charge of a presentation of the students' work along various scholastic lines.

Miss Betty Anderson, president of the student council, announced the program which followed the business meeting.

Mr. Ellsworth resides at 656 East Broadway and has a daughter in high school, Betty Yvonne, a member of the junior class. He is employed at the local Missouri Pacific shops in the production engineer and general foreman's office. He is a member of Granite Lodge No. 272, A. F. & A. M., secretary of the Sedalia park commissioners, a member of the senior board of the Teen Age club and on the Council of the local Job's Daughters organization. Well known in baseball circles in Sedalia and central Missouri, he has been a member of the old Missouri-Pacific Boosters and Sedalia Athletics and of the recent Sedalia Merchants.

Police Find Window And Door Open

The north window at the Phillips Service station, Broadway and Crescent Drive, was found open by police officers Wednesday evening. It is believed the station had not been robbed, as it has been so many times in the past few months.

A gate at the Tippey used car lot, Second street and Massachusetts avenue, was found unlocked Wednesday night by the police. The gate was locked. It was not believed opened by thieves.

Traffic Case

Ralph D. Salmon, 620 West Sixteenth street, forfeited a one-dollar cash bond in police court Thursday morning, on a charge of overtime parking.

Divorce Is Petitioned

Mrs. Loraine J. Pardue filed suit for divorce Thursday in the Pettis county circuit court from John Thomas Pardue, alias John Roberts, who, the allegations declare, deserted the U. S. Navy in time of war and was sentenced to a year and a day in prison. General indignities also are charged.

The couple was married on June 3, 1942, and separated March 3, 1943, according to the petition.

George Anson is attorney for the plaintiff.

Threatened Convict

He declared that Goering first took this convict to Karinhall, Goering's home and "threatened to have him killed unless he repeated the statement before Hitler."

"Von Fritsch was asked to the reichschancellery on Jan. 24, 1938, and told by Hitler of the accusation," Gisevius said. "He indignantly denied them. Then in a dramatic moment, Goering opened the door and the prisoner came into the room and pointed at Von Fritsch and said: 'That is he.'"

Gisevius said the Gestapo knew as early as Jan. 15 that year that Von Fritsch really was innocent. He said Hjalmar Schacht, one of the defendants here, and other "decent Germans" believed the time for the overthrow of the Nazis had arrived when Hitler appointed Col. Gen. Walter von Brauchitsch to succeed Von Fritsch.

A group of plotters, the witness testified, went to the new chief of staff and to Grand Admiral Erich Raeder and others urging that "now was the time for the generals to get rid of this reign of terror." He said Von Brauchitsch agreed but decided against acting

Goering Headed Court

Goering had been appointed as president of that court. It met, then adjourned.

"That was the day the decision was made to have the Germans march into Austria," Gisevius declared. "We harbored no doubt as to why the president of the court was interested in seeing that the troops got orders to march that day."

"A week later the court could meet again, but by then Hitler had his first big triumph and the Germans had their first campaign of 'flowers.'"

"The court was dissolved. Von Fritsch's innocence was proclaimed but Von Brauchitsch said that under the new situation created by the annexation of Austria, he could no longer take responsibility to proceed with the putsch."

"That is the story of how the war ministry was deprived of its leading men and then the generals were thrown into confusion and from that time on passed into radicalism," Gisevius concluded.
